School news

Foreword

The past year at Jackson High School was a year filled with happiness and despair. From the disappointment of losing that first football game our spirits were lifted by many successes in other fields on the local and even the state level. Among the local successes were the **Viking** and **Seventeen** programs. Of wider scope were the victories of wrestler Al Potts, the Basketball team, Debate team, and the Vocal and Instrumental music departments. The year also brought its sorrows in the unexpected deaths of our devoted Assistant Principal, Mr. Royal Dressel and our beloved friend, Marcia Gandy.

A composite of these numerous events made up a year at Jackson High. It has been a generally good and eventful one, and we of the Reflector staff hope that as years pass, this book will continue to remind you of your 1961-62 experiences at Jackson High School.

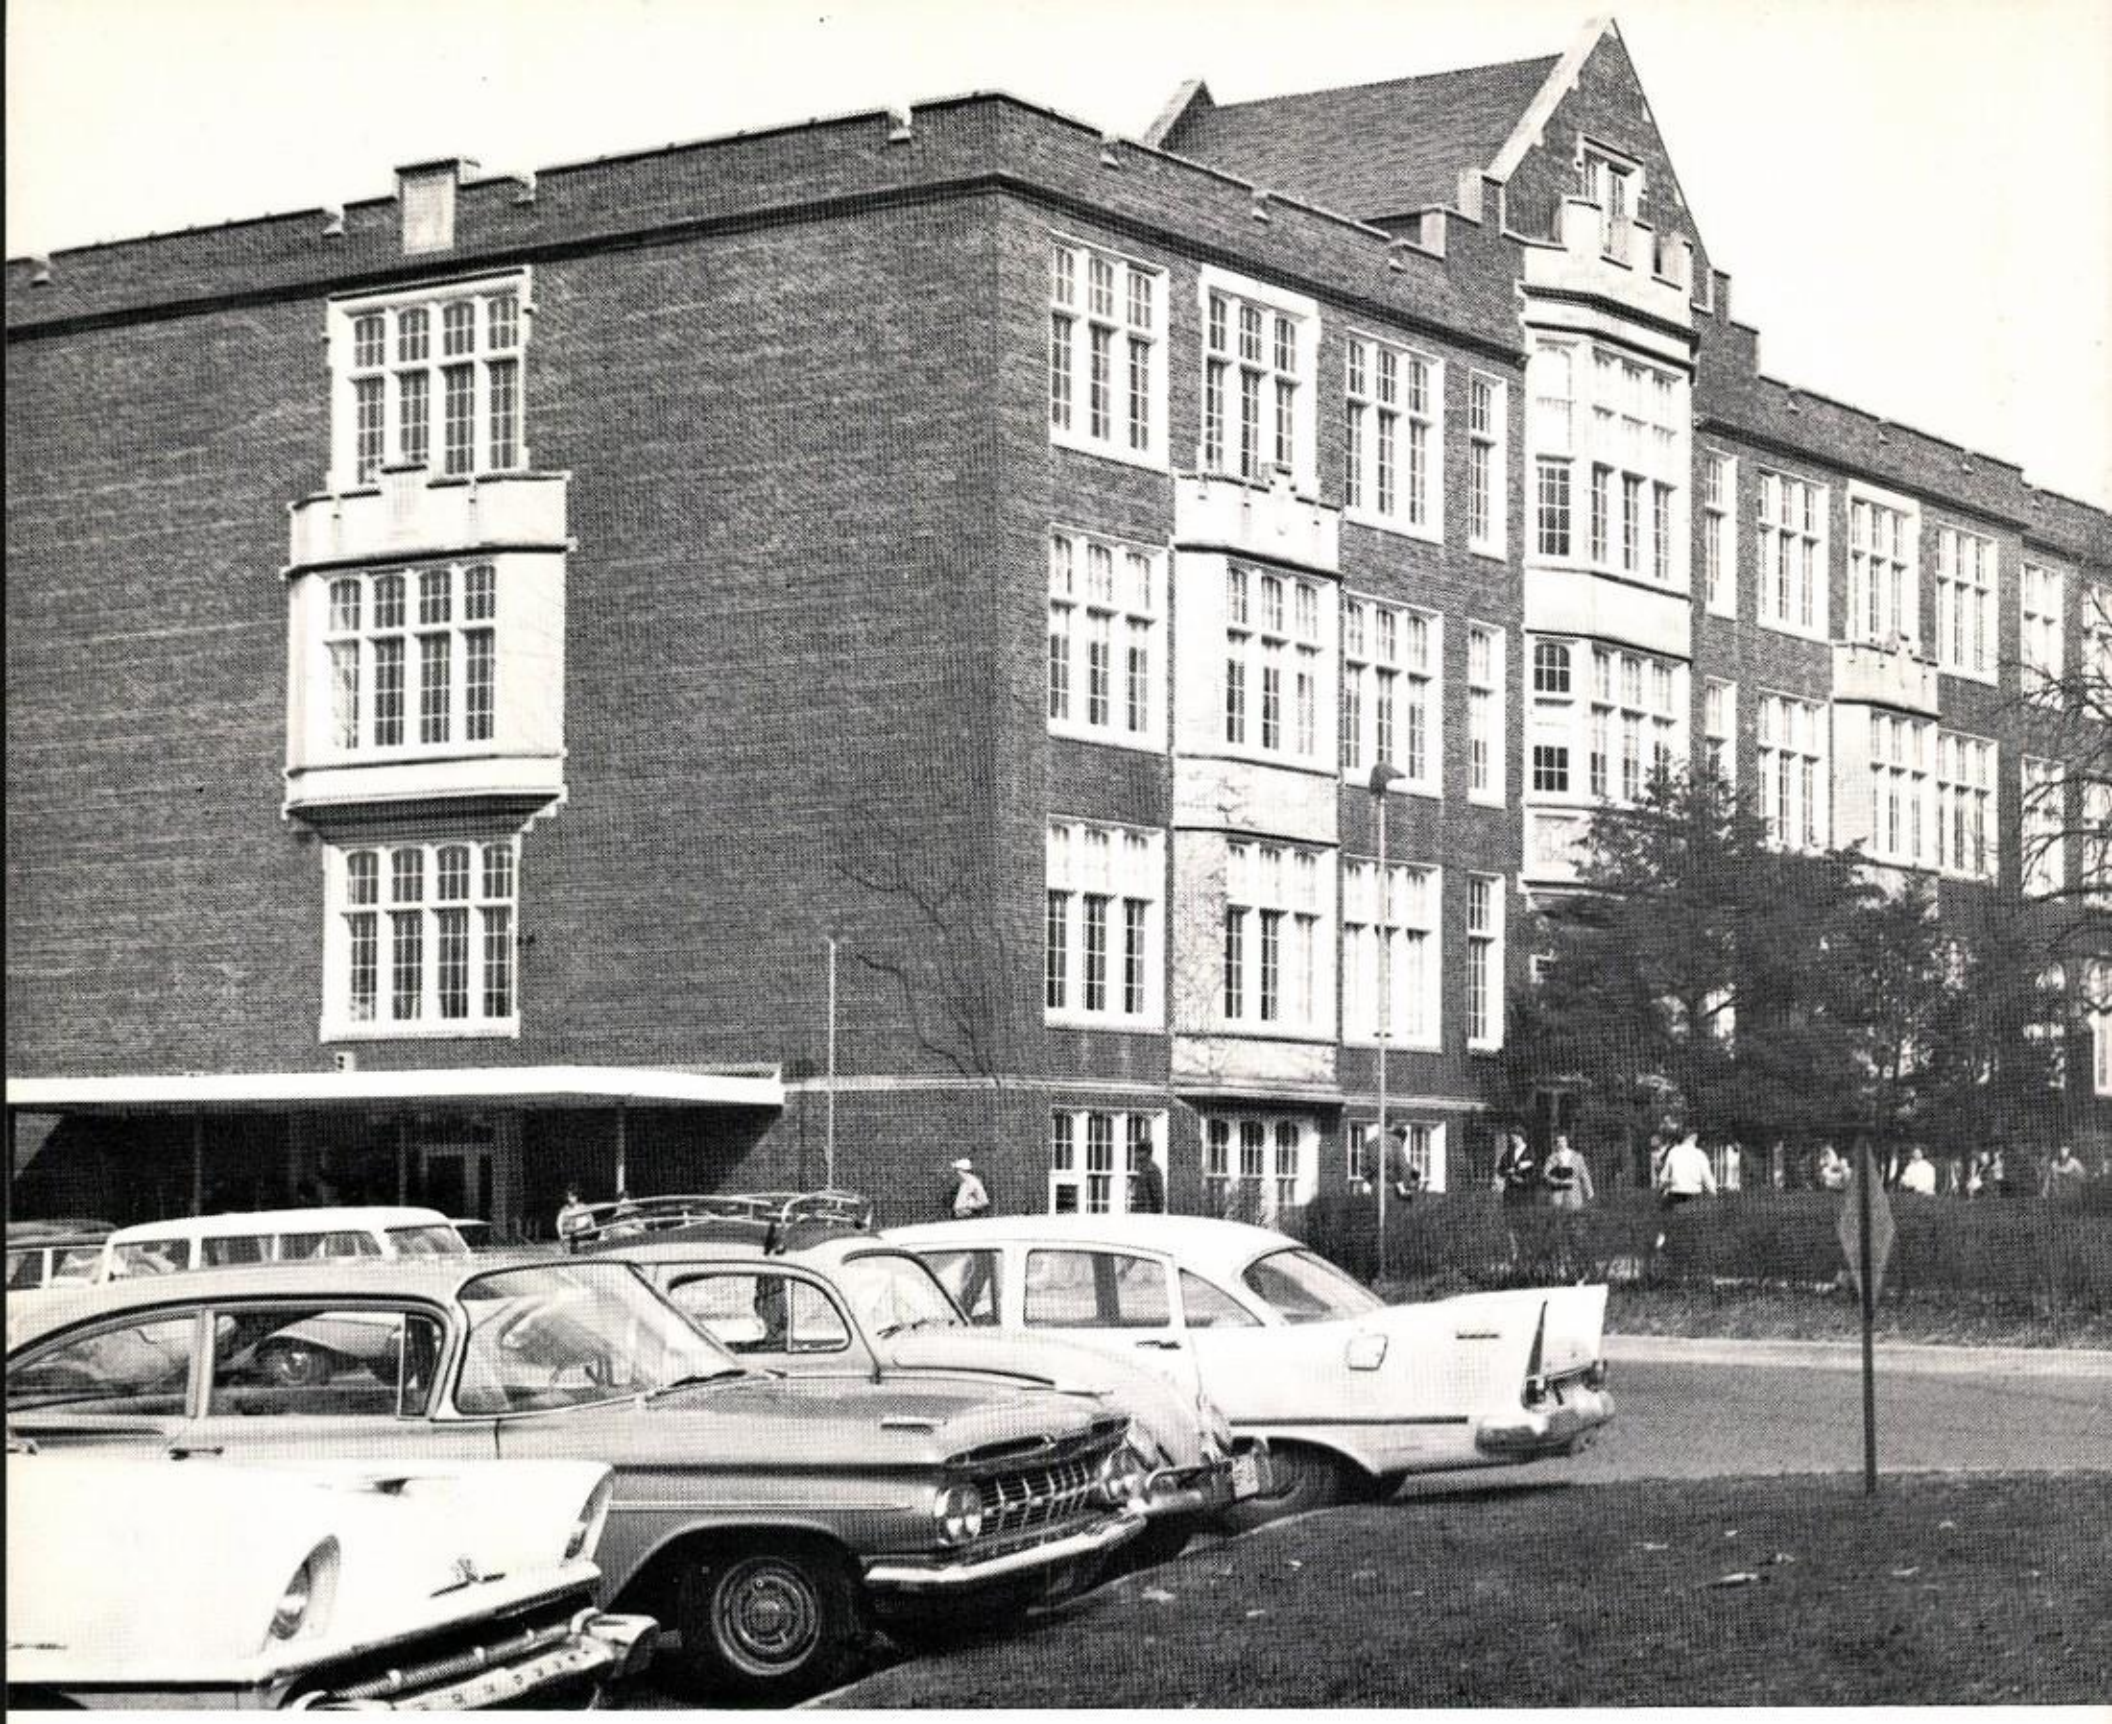
son High will soon spill over into a new high school

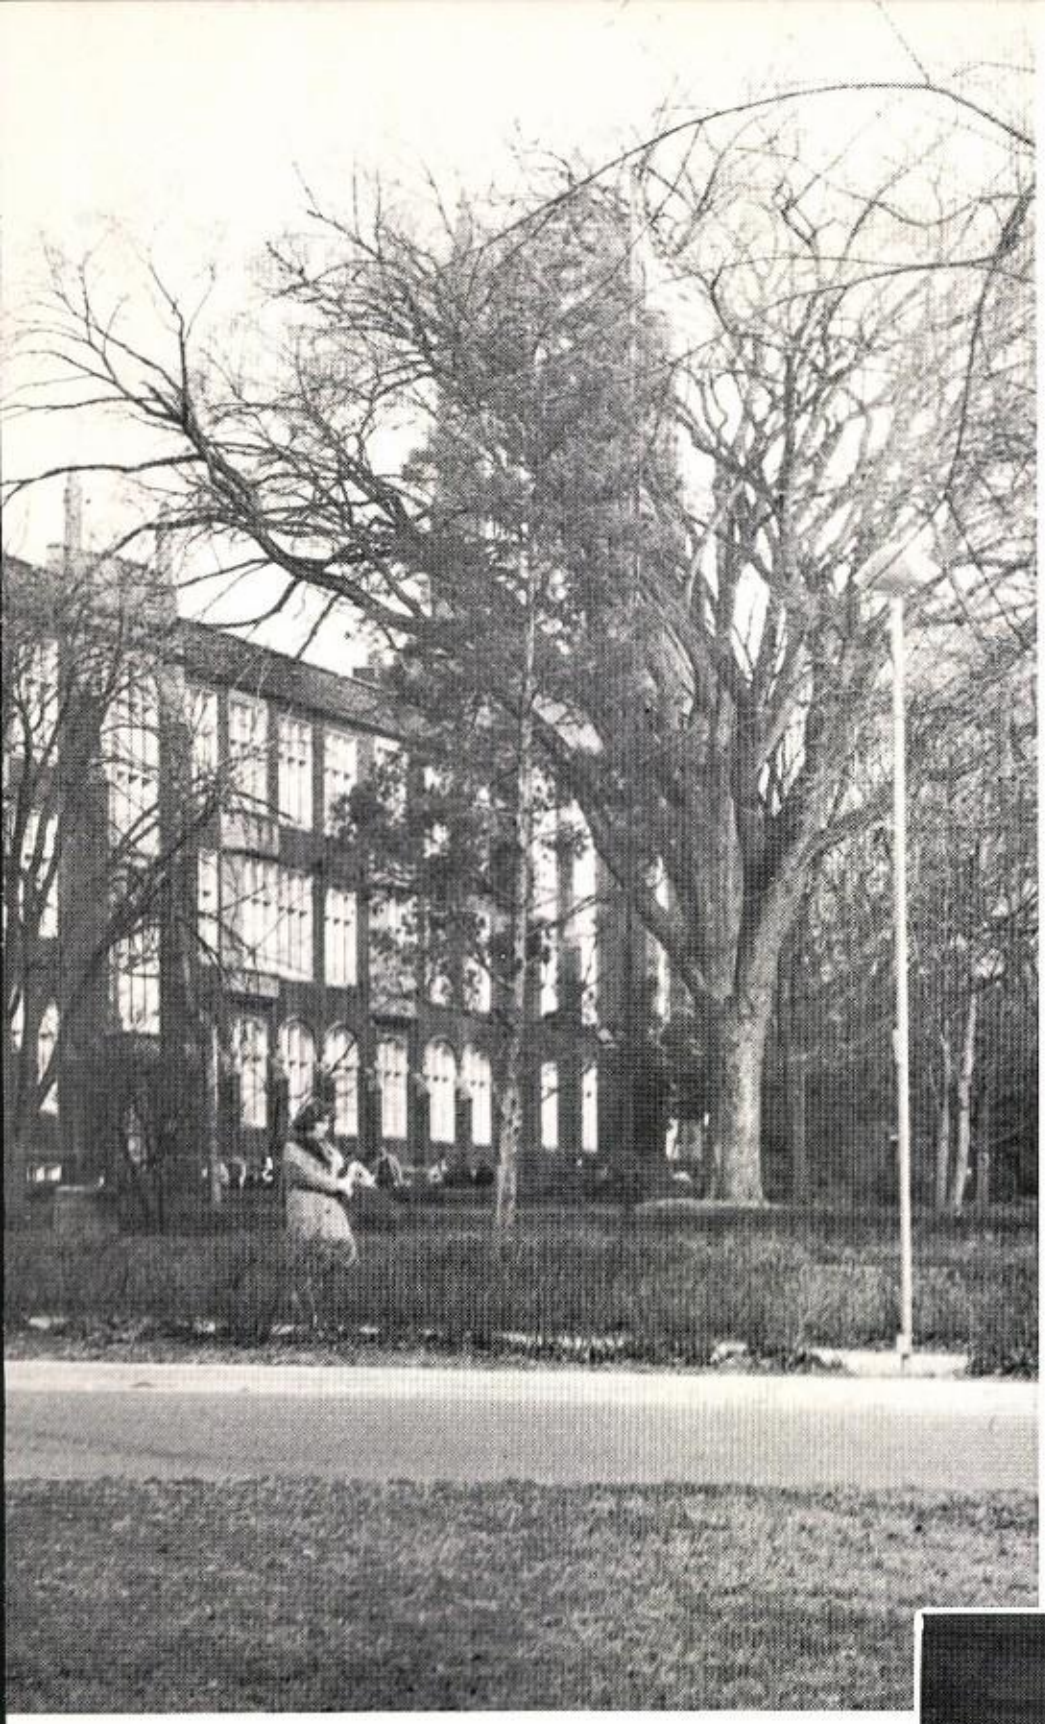


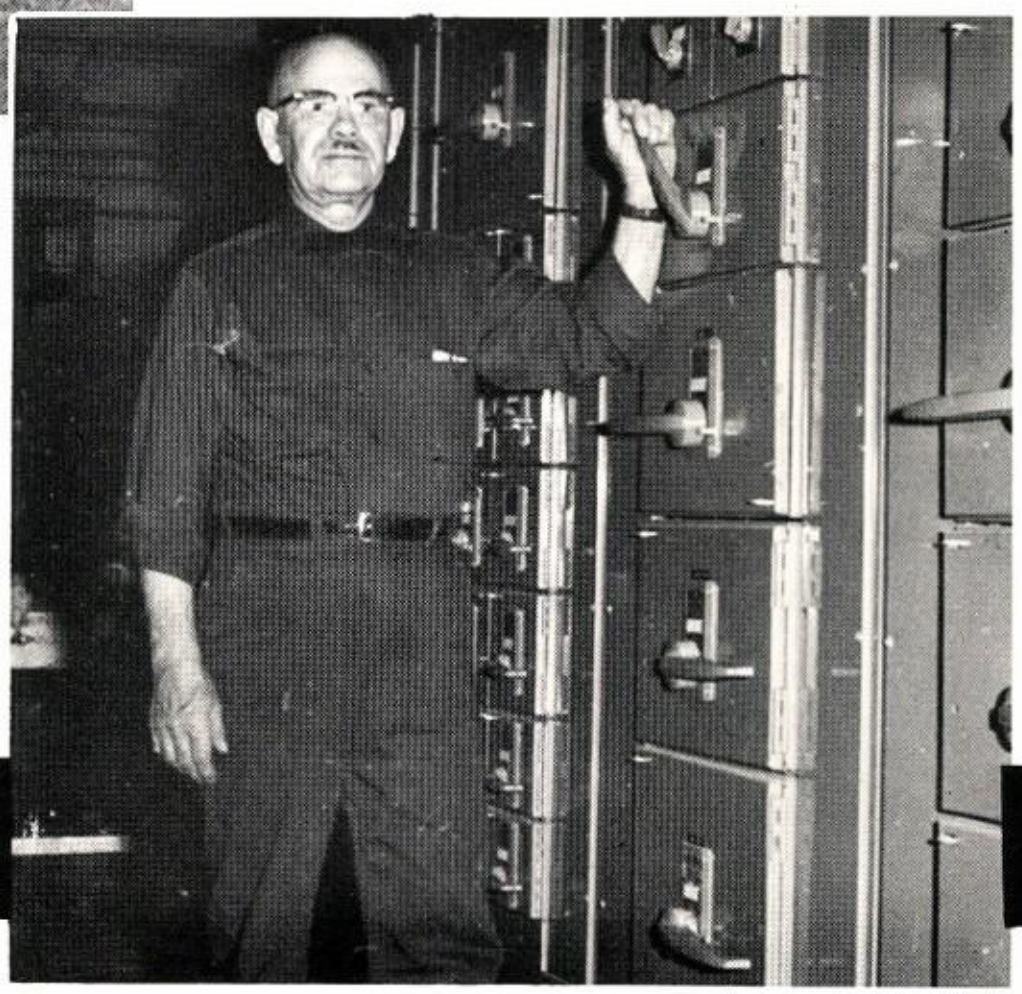
Mr. Evan Penive retires this year after having served Jackson High School for twenty-four years. Before coming to JHS, Mr. Penive worked at the Hayes Wheel Company where he earned 17½ cents per hour. This was his first job in Jackson after emigrating from Bulgaria in 1914. Later he worked at Borden's Condensed Milk factory, then the American Gear Company before coming to the Union School District in 1935 and Jackson High in 1937.

Mr. Penive worked on the custodial staff until 1942, at which time he acquired his present position as Chief Engineer of the school. He greatly enjoys his work at JHS and because of his friendly and gracious attitude, fellow workers and friends at the school have nicknamed him "Mr. Sunshine." His primary hobby is gardening, and in spring and fall some of his flowers can usually be found brightening the main office. In addition to his private garden, Mr. Penive is largely responsible for the flowers and neatly trimmed hedges on the school campus.

In recognition of Mr. Penive's long and gratious service to Jackson High School, we dedicate the 1962 Reflector Annual to him.

Mr. Penive has been of service to this building





for many years

"How do you do, ladies and gentlemen. This is Jim Andress, your WJHS News Director, with the 'Reflector' edition of the news. The first report of the year is on the Faculty and Academic front. For details, here is our Faculty and Academics reporter, Pam Anderson."

"Thank you, Jim. An important highlight on the Faculty and Academic scene this year was the 'team teaching' effort of Miss Phelps and Mr. Rider, as pictured on the monitor to your right. This system incorporated the joint efforts of the teachers conducting lecture classes of about 70 students in the auditorium with small discussion groups in regular classrooms."

Administration and community strive

Members of the **Board of Education** are L-R: Dr. Ralph McLeary, Max C. Rubert, Richard Haynes, Howard Harris, Robert Ilfeld, J. C. Perry, Nick Hocking, E. J. VandenBos, DeWitt Cox, and Joseph Fall.

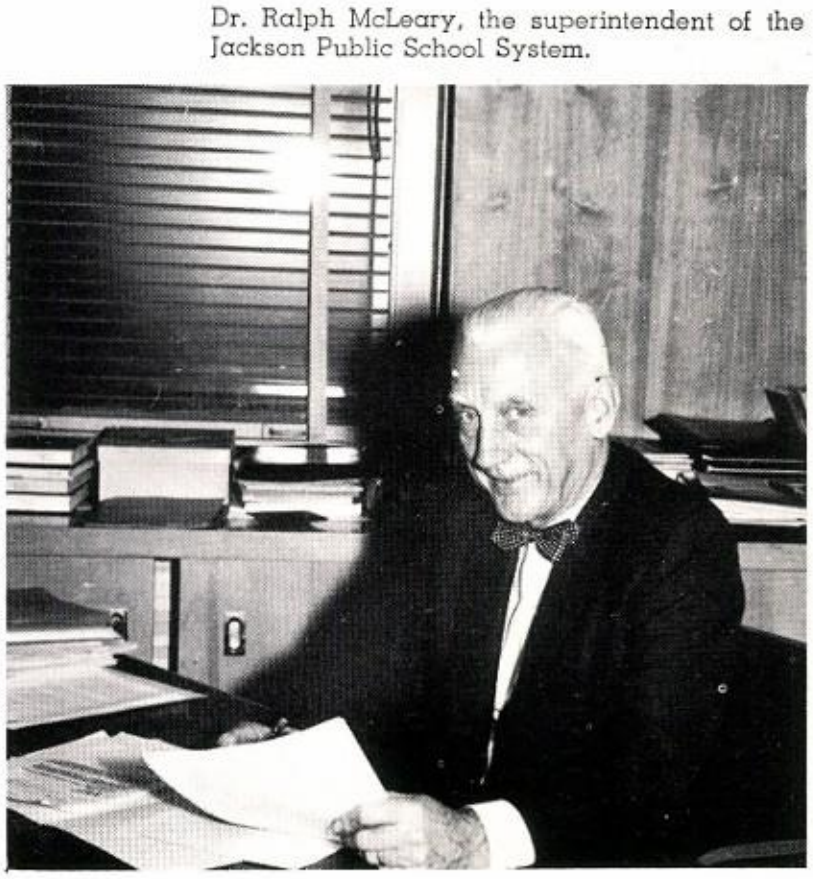
The governing body of our school system, the Board of Education, is composed of nine elected members who meet every third Monday of the month to devote their time and thought to the Jackson Public Schools. The board determines the money necessary for operating the schools, hires teachers, determines school policy, and maintains the custody, preservation, and management of school property. These and other problems require the careful consideration of the board members throughout the year.

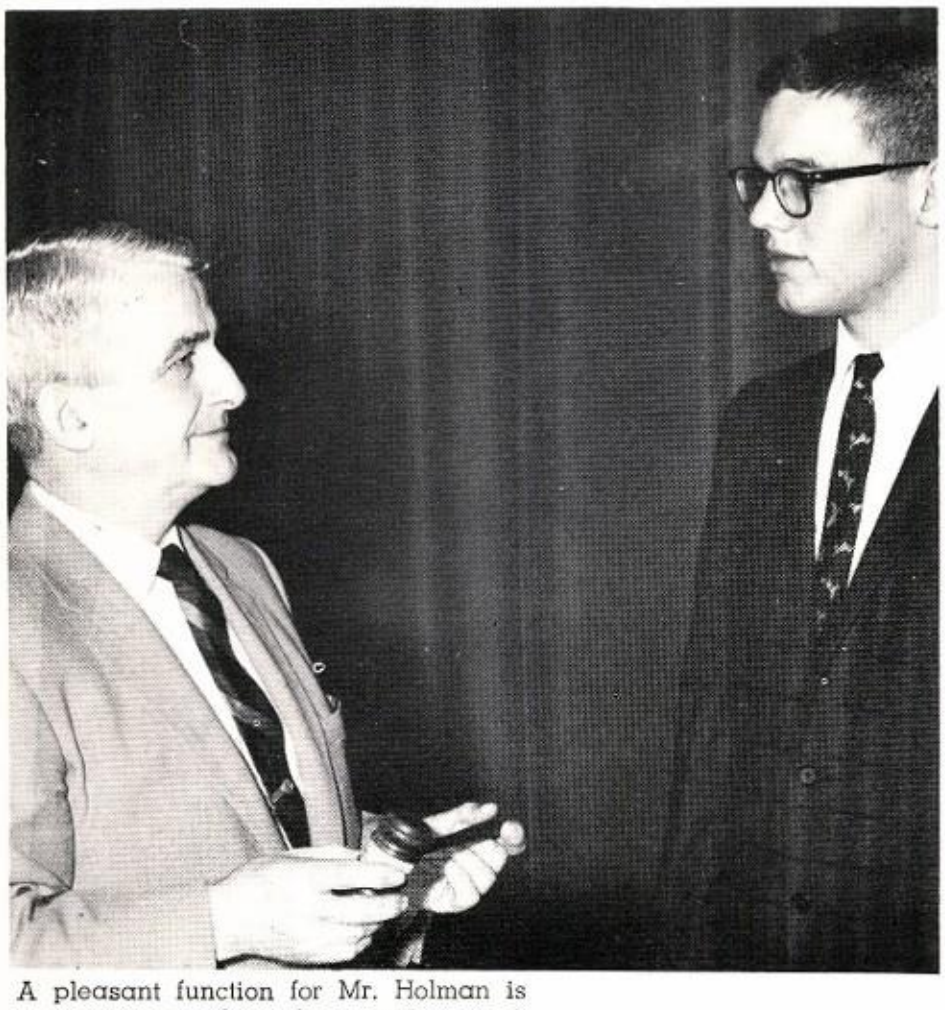
Dr. Ralph McLeary, the superintendent of the Jackson Public School System.



Mr. Austin Bates, the assistant superintendent of schools.

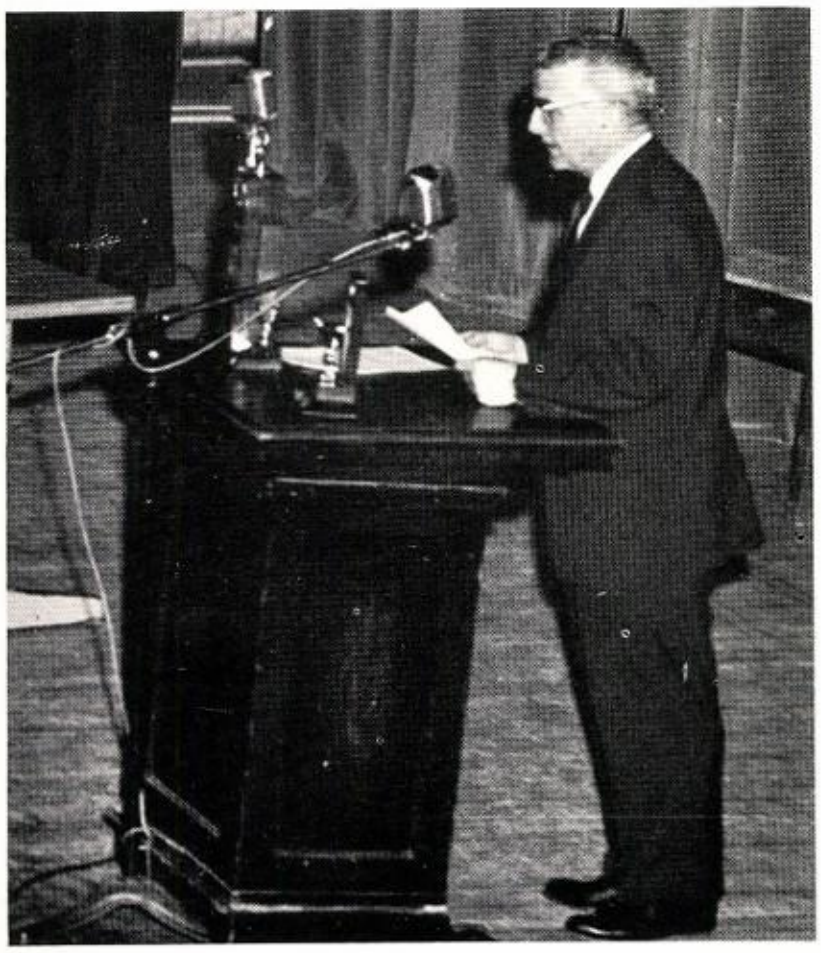
The top administrative positions of the Union School District are held by Dr. Ralph McLeary and Mr. Austin Bates, superintendent and assistant superintendent respectively. Dr. McLeary, an expert on educational administration, and Mr. Bates, an expert on educational finances, are directly employed by and carry out the policies set forth by the Board of Education.

for a better education for all



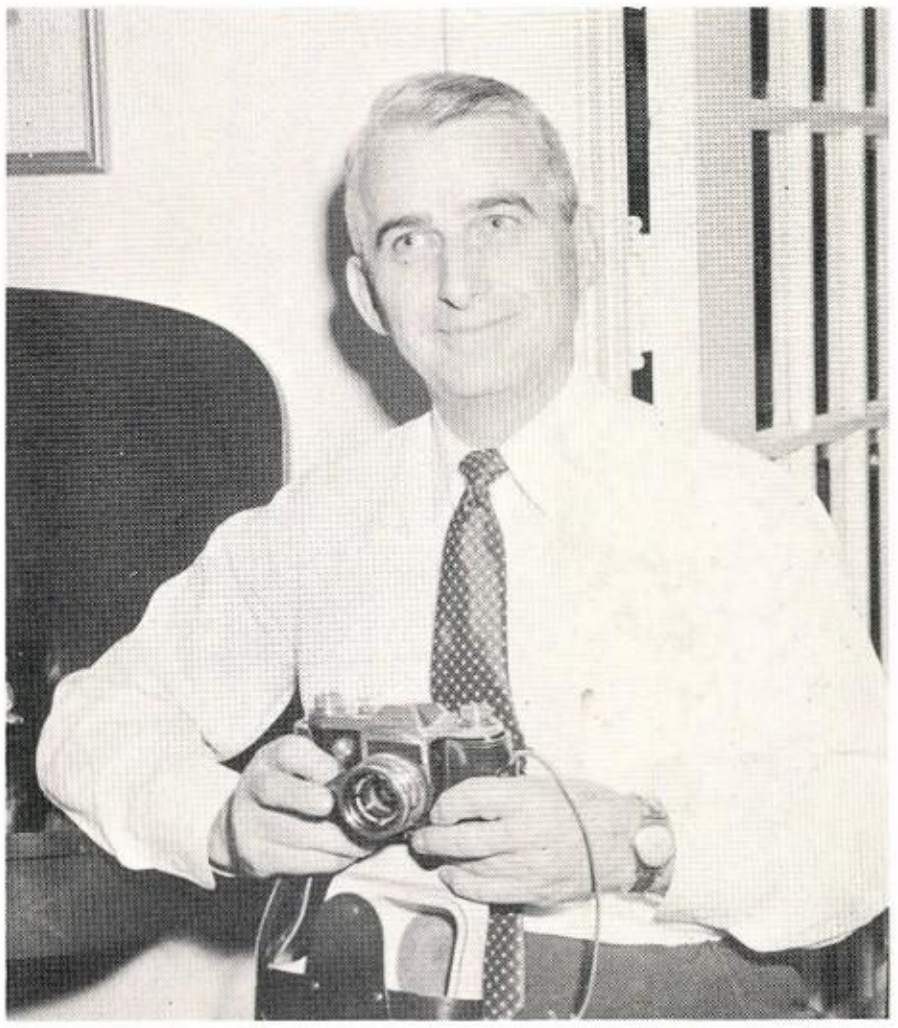
A pleasant function for Mr. Holman is presenting gavels to the outgoing president and vice-president.

Few people realize the responsibilities and pressure that rest upon the shoulders of a high school principal. Jackson High school principal, W. Earl Holman, is no exception. Throughout the school year, Mr. Holman's responsibilities and obligations are so numerous that it would be impossible to list them all. However busy he may be, though, Mr. Holman always has time to smile and say hello as he walks down the hall and he is always willing to speak individually to any student who seeks his advice. His devotion to the school, his friendliness, and his sincerity have made him the most admired and respected person at Jackson High school. It is a privilege and a pleasure to have Mr. Holman as the principal of our school.

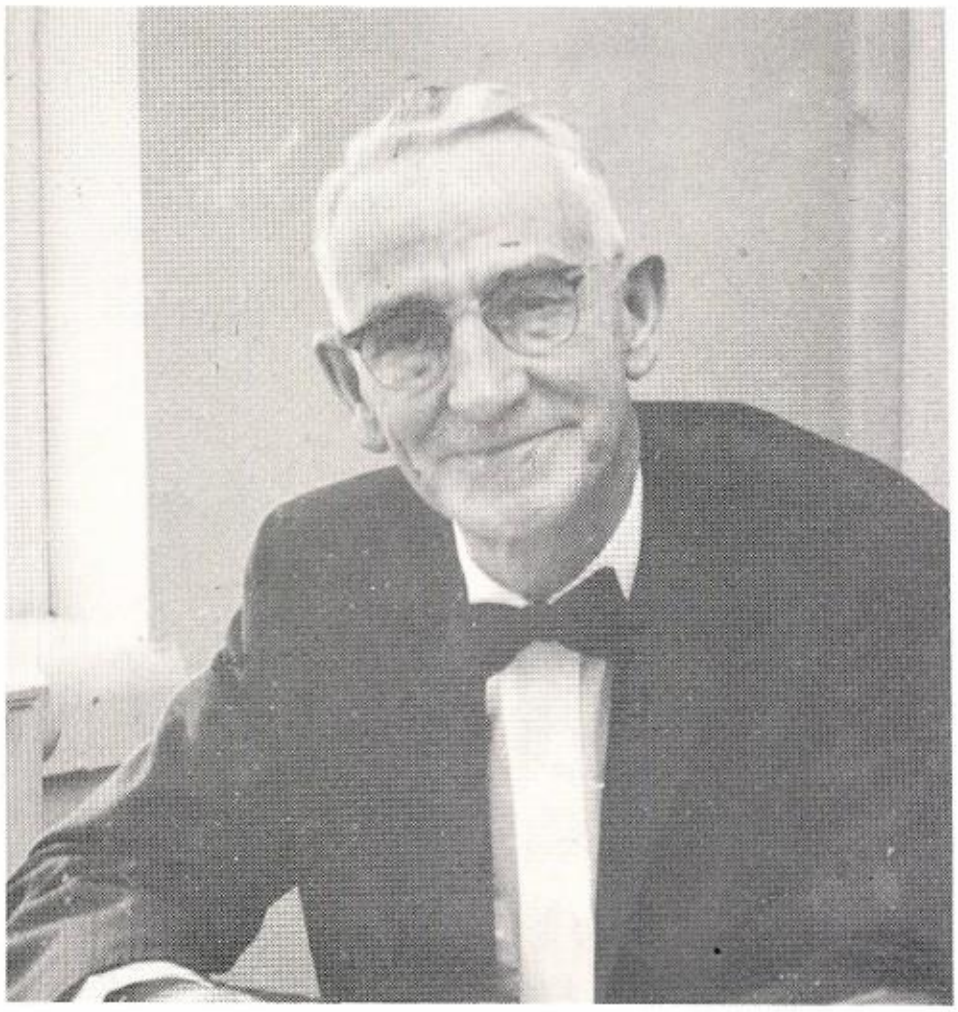


Mr. Holman addresses an assembly.

For relaxation, Mr. Holman enjoys taking color slides.



Administrative assistants have a large



Jackson High School lost one of its most devoted friends and servants this year with the death of Mr. Royal Dressel. Mr. Dressel had been an assistant principal for nineteen years, prior to which time he had been a teacher at the high school. He was an invaluable aid to Mr. Holman and assumed much of the responsibility of running the school. Also he served as an advisor to various student government organizations and was known to the student body as a kind and understanding man who was always willing to help them. Loss of Mr. Dressel has been greatly felt, however, his memory will be with us forever.

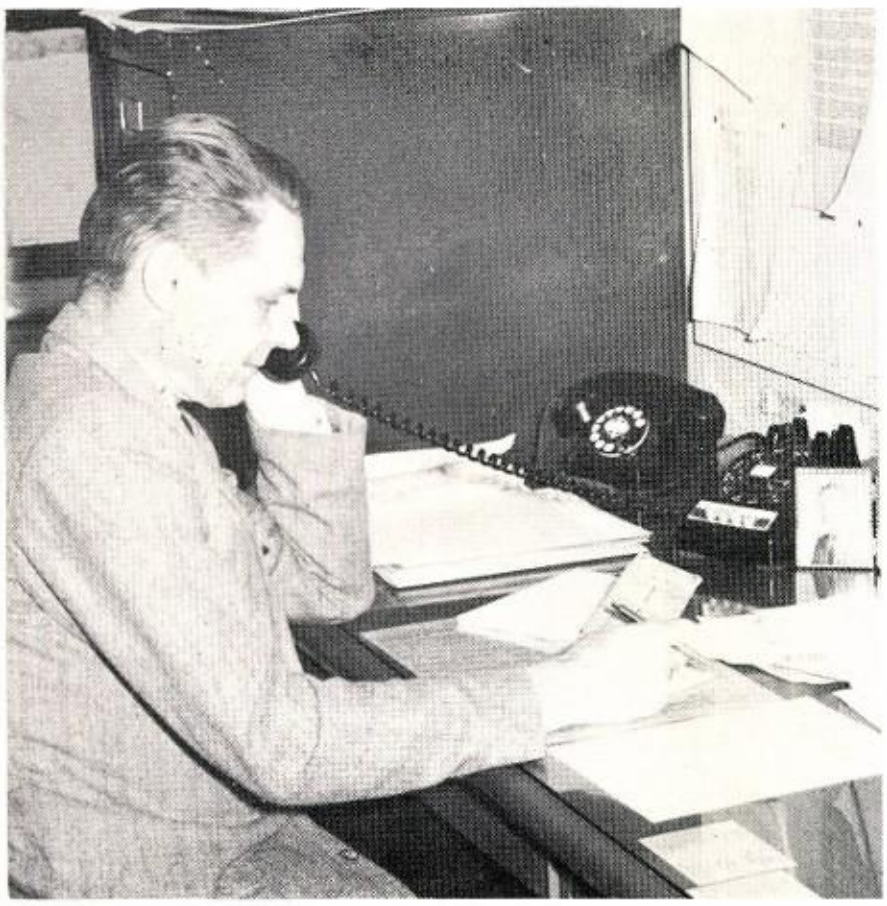
Mr. Kiesel, as part of his budget duties, checks in the arrival of equipment for the new auto shop.

As an administrative assistant, Mr. Kiesel's responsibilities are many. In addition to being principal of the tenth grade and the Fire Marshall, he is in charge of the high school budget, athletic eligibility, the Driver's Education program, and he is advisor to the Building and Grounds Committee. Mr. Kiesel received his Bachelor of Science and Master of Arts degrees from the University of Michigan.

role in keeping JHS running smoothly

Mr. Owen Johnson has numerous duties as an administrative assistant. He is principal of the eleventh grade, in charge of vehicle parking, athletic ticket sales, hallguides, assembly seating, locker problems, student pictures and ID cards, and he is the Chairman of the Magazine Committee. Mr. Johnson received his Bachelor of Arts degree from Albion College and his Master of Arts degree from the University of Michigan. Also he has done advanced study at Michigan State University.

Mr. Johnson checks with Barry Myers on the attendance of the 6th hour hall guides.



The voice you may hear on the other end of the line when you are absent is that of Mr. Jensen.

Many misunderstand the duties of Mr. Chris Jensen, Visiting Teacher. Though he is responsible for supervising the attendence of students, he is not a truant officer. He believes the purpose of school is to provide opportunities for people to grow and if they are unable to take advantage of these opportunities, poor attendence is just one symptom of that inability. His responsibility is to help them understand and overcome this inability. Mr. Jensen received his Bachelor of Science and Master of Science degrees from Michigan State University and he has done advanced study at the University of Michigan.

Students plan future studies, choose colleges.

During the senior year, many problems arise as to vocational plans and the choice of a college. Always willing to assist seniors with these and other problems is Miss Ruth Coolidge, one of the senior counselors. In addition to her counseling duties, Miss Coolidge teaches an English class and acts as advisor to the Future Nurse's Club. Miss Coolidge received her Bachelor of Arts degree from Middlebury College and her Master of Arts degree from Columbia University.

Mr. Franklin Graham is also a senior counselor. His office is always open to students who need advice in regard to their programs, college plans, and of their career choices. Besides counseling, Mr. Graham teaches a class of Applied Mathematics and is a member of the Board in Control of Athletics. Mr. Graham received his Bachelor of Arts degree from Culver Stockton College and he has done graduate work at the University of Missouri and Colorado State University.

New to the JHS faculty this year was Miss Janet Justice, who served as an eleventh grade counselor. Students were always welcome in her office to discuss any problems which they might have had. She also taught a psychology class. Miss Justice received her Bachelor of Science degree and her Master of Arts degree from Ball State Teachers College and she has done advanced study at Michigan State University, the University of Michigan, and Eastern Michigan University.

Miss Coolidge and Mr. Graham consult each other about a student's college application.

vocations under excellent JHS counseling staff

Juniors are always welcome to discuss their problems with Miss Justice and Mr. Stanfill.

Incoming sophomores this year found a friend and inimitable aid in Mr. Robert Fedore. He was always available to give them advice about any difficulties they may have encountered. Also he taught a psychology class, was advisor to the Social Service Committee, and served as head golf coach. Mr. Fedore received his Bachelor of Arts and Master of Arts degrees from the University of Michigan.

Another of the able counselors greeting sophomores this year was Mr. Richard Smock. They found that he too was always available to help them settle any problems in planning their junior class schedules. Mr. Smock received his Bachelor of Science degree from Stout State College and his Master of Arts degree from Michigan State University.

Mr. Fedore and Mr. Smock, as class counselors, check over the class elections for the coming year made by the present sophomores.

Also an eleventh grade counselor this year was Mr. Robert Stanfill. Juniors who needed advice could find him in his office all day except during fifth hour when he taught a psychology class. Mr. Stanfill received his Bachelor of Arts degree from Southeast Missouri State College and his Master of Arts and Master of Education degrees from Michigan State University. He has also done advanced study at the University of Missouri and the University of Minnesota.

Office staff, cooks, and custodians

Miss Eleanor Kuklinski has varied duties in her position as Mr. Holman's secretary. She also acts as the school's registrar.

Those who work so hard to keep our school neat and clean are, bottom picture, 1st row: Mr. Persel Ritter, Mr. Harold Hobbs, and Mr. Vladimir Ditkowsky. Those who work so diligently in the General Office are L-R: Mrs. Ida Mae Piper, receptionest, Mrs. Marian Seager, secretary in charge of college transcripts and records, and Mrs. Rachel Krzesicki, the IBM secretary.

The secretaries to the counselors and administrative assistants in 118 are Miss Sally Jentzen, Miss Mary Lyon, and Mrs. Rita Paschack.

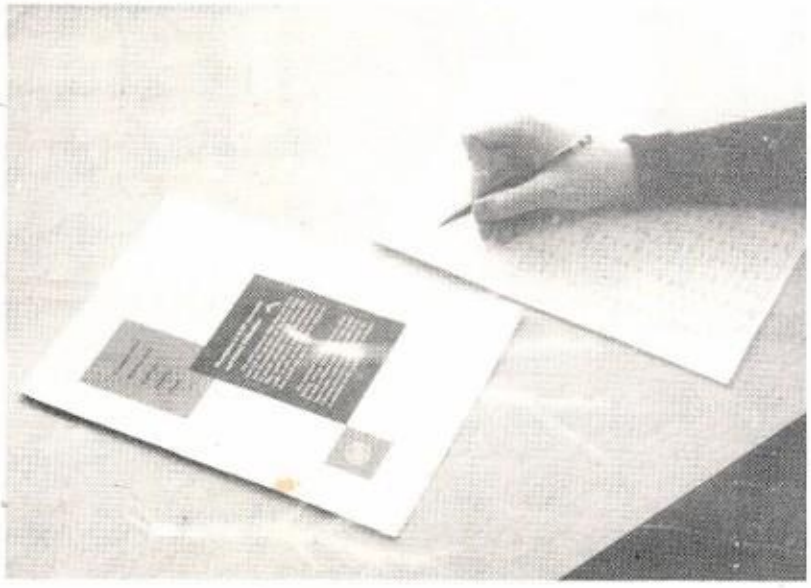
September 6, 1961, a new era

As the members of the **Class of 1964** entered the doors of Jackson High School for the first time, they had feelings of anticipation and awe. After the first confusing weeks, Sophomores quickly captured the Viking spirit as they joined in the Kick-Off Parade. In March, one could hear bewildered cries of "Who is Joe?" Spring was the time for organization of committees for the class dance. By the end of the year, sophomores truly "belonged" and could look ahead with enthusiasm to the next two legs of their Viking voyage.

Incoming sophomores Bill Harrison, Judy Hill, Jean Herrington, and Dick Harmon seem to be wondering at the height of our tower.



In December, Sophomores take D.A.T. tests.

Basketball season finds sophomore spirits high.

Susan Hayes, George Walker, and Bob Leighton discover spring locker cleaning is a big job.

"One of the many privileges enjoyed under a democratic form of government is the opportunity to have a Student Government. Jackson High School enjoys this freedom, and for our WJHS report, we switch you to Carolyn Thompson and Carol Freen, Student Government reporters."

"We are happy to have this opportunity to talk with you about the Jackson High Student Government program. The Student Government sponsored many dances and programs such as Viking Giving, the Magazine Campaign, and others. In our report we will attempt to relate the most important happenings of this organization throughout the past year."

School activities center around Student Council

Debbie McComb and Craig Adams help Clem Moller assemble one of the homeroom flags purchased with student government funds.

The **Student Council** is the legislative branch of student government. The Council members are elected by the Student Presidents and Representatives from their assemblies. They meet every Monday morning and discuss current issues of the school. Members plan tentative agendas for the coming meeting. Also, any problems are ironed out. This is the main governing body of Jackson High School. The chairman of this body is the President of the school. The advisors are Mr. Royal Dressel and Mr. Owen Johnson.

and the sub-organization, Student Presidents.

Bob Tompkins, chairman of Homeroom Presidents.

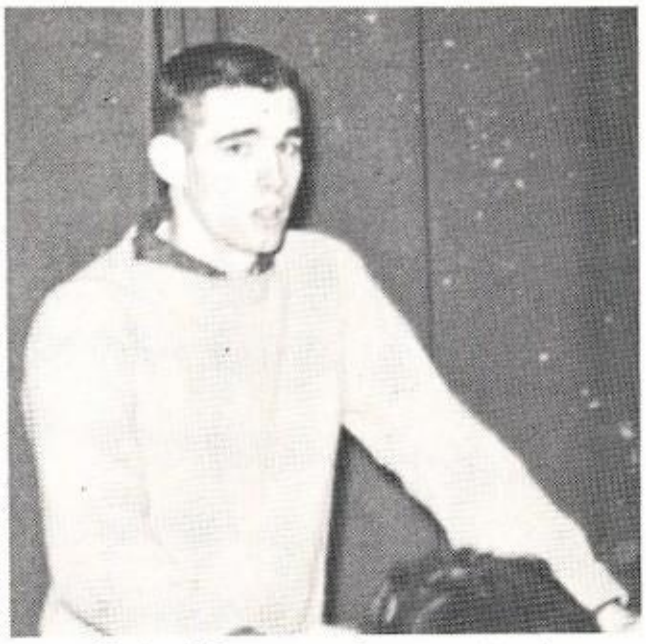
Senior homeroom presidents, starting with the front row, are Jim Lodise, Judy Lee, Susie Darst, Judy Ahronheim, Mary Venners, Nancy Conner, Mary Barlow, and Joe Warren. Second row, Jerry Worden, Lloyd Kimbrell, Brian Bovard, Rainer Faust, Dave Marshall, and Craig Clark. Third row, Gary Nearpass, Darrel Groves, Don Croysdale, and Tom Fors. Fourth row, John Harland, Dave Otto, Mike Rogers, and Paul Reid.

Junior homeroom presidents, starting with the front row, are Mary Burg, Judy Rieger, Jackie Ranft, Lynette Anderson, Pat Bisbee, Debbie Hunt, and Carolyn King. Second row, Ed Waits, Dennis Chesley, Larry Henderson, Bill Grams, Mike Jones, Barry Myers, and Rick Wilson. Third row, Ken Tison, Mike Darling, Walter Norris, Warner Faust, Pete Coddington, Bruce Smith, Phil Lee, Russ Larrine, and Dick Swartley.

Sophomore homeroom presidents, starting with the front row, are Kirsten Finstad, Jean Herrington, Gretchen Stauff, Martha Medlar, Pat McDonald, Pat Satterelli, Wanda Hamblin, Sharalyn Sweitzer, and Chris Berry. Second row, Linda Gentry, Gary Chatters, Bob Leighton, Anthony Hurst, Bob Anderson, Cam Cronkright, Dick Underwood, and Connie Ortega. Third row, Mike Ward, Brian Brockie, Herb Reynolds, John Jensen, Dave Wilson, and Bob Robbins.

The **Inter-school Relations Committee,** who's chairman is Debbie McComb, keeps in contact with other high schools in southern Michigan.

The **Publicity Committee** sends representative to the other committees in the Assembly and they make their reports which then appear in the Reflector Weekly. The chairman is Bonnie McLanus.



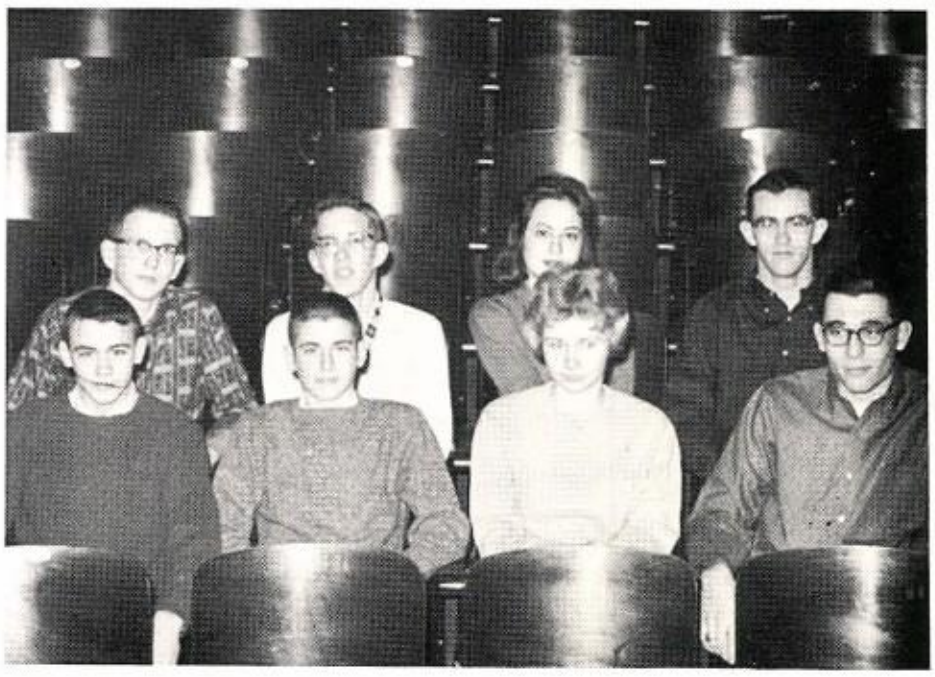
Craig Adams presides over the **Student Representative** meetings held every Tuesday morning during homeroom period.

Student Representatives met every Tuesday morning in the auditorium. This is the legislative branch of student government. It is comprised of six committees whose chairmen are student council members. These committees meet separately and discuss matters of their own concern and then all the committees meet as one committee. Discussions pertain to school policies and the representatives take the information back to their respective homerooms.

Homerooms elect leaders to represent them in

The **Social Committee,** headed by the vice-president of the school plans the school parties which highlight the weekly sports events.

Each Friday the homeroom meeting is conducted by the president and representative. The students are given a chance to express their views and ideas relating to school activities. These suggestions are taken back to the Representative Assembly for consideration. Another important function of the Assembly is to appropriate money and to approve constitutions of school clubs. The student government of Jackson High School is established according to the Constitution which was written and approved by its members.



The **Ways and Means Committee** appropriates funds. They also meet weekly and discuss matters concerning the treasury. The chairman is the treasurer of the Representative Assembly, Doug Vernon.

The **Social Service Committee's** primary function during the year is to maintain the Viking Giving program. The chairman is Jim Hammond.

the Student Representative Assembly.

Joe Shields of the Educational Reader Service Inc. presents "Super-Salesmen" awards to Rosemary Steppon and Steve Gift.

Viking Giving is an annual project of the Social Service Committee. The purpose of Viking Giving is to collect clean wearable clothing to send to the less fortunate people in the world. Every person is asked to contribute an article of clothing whereby he receives free admission to the "Viking" show. This year we collected 4500 pounds of clean wearable clothing.

The **1962 Magazine Campaign** like Viking Giving was a huge success. Although the campaign began slowly it picked up as the days rolled by. Everyone participated after the explosive bang of the teacher's "hammy antics" on stage touched off the "Will You Buy a Magazine?" campaign. Joe Shields was at hand to organize the campaign giving prizes to all who sold. The per person quota was seven dollars. The total goal was set high at $15,000 but with that extra push we rang more doorbells and hit that goal. The Magazine Campaign about $4000 annually for the school. The money is carefully handled and distributed by the Magazine Committee.

Andrea Hautala and Bruce Abrahamse were busy conducting school affairs during the first semester. They spent much time during and after school hours: preparing, revising, planning, writing, speaking, acting, representing, suggesting, organizing, and just plain doing anything and everything to better our school. Andrea began by quickly organizing the hall guides and continuing a pattern of success through the outstanding dances. Bruce carried out his duties with furvor and diligence. He was always prepared with an agenda for any meeting over which he presided: the student council, all-sports committee, inter-club council, pep assemblies, and others. Bruce and Andrea are of high integrity and were eminent representatives of Jackson High School.

Don and Lucy

Lucy Nelson and Don Shelton took over the responsibilities of president and vice-president for the second semester. The semester began with a successful Magazine Campaign and well functioning student government. The successful dances were continued. One could always see these two lively, ambitious people scurrying about JHS pursuing their respective duties. Lucy began by organizing new hostesses and maintaining the popular dances. Don was another president who did a conscientious job. He headed into his post by promoting school spirit through different activities; the Magazine Campaign, more student participation, better lunch hour programs and others. Don and Lucy were certainly illustrious leaders whose ardor made a mark of distinction on JHS.

"The following report comes to us from Charlotte Bostwick and Mary Munro. They investigated the school life and student activities of members of Jackson High School. Here are Charlotte and Mary with their report on this essential component of successful schooling."

"Thank you, Jim. The mainstream of a happy and useful school life is fed by many tributaries. Among these are the participation in, and the support of, school programs such as weekly assemblies, Jackson's fine vocal and instrumental musical organizations, and stage productions which included the **Viking** and **Seventeen** shows."

Paste-ups must be done by the middle of the week.

Each week students in Jackson High are able to purchase a copy of the **Reflector** weekly newspaper. This is possible because of the diligent efforts of the workers on the Reflector staff.

There are twenty five students on the staff which is headed by Bonnie McLanus and advised by Mr. Walter Weaver. The staff members are selected from the Journalism 1 and 2 class, but good English students who have the recommendation of their teacher may be on the staff.

Mr. Prahl and Jim Andress headed the Yearbook staff this year.

The 1961-62 **Yearbook** Staff was headed by Jim Andress, editor, and Mr. Edward Prahl, advisor. The staff began its work before school started in September and continued until the latter part of June.

The members of the staff are selected by Mr. Prahl on the basis of past experience in English and teacher recommendation. The staff numbered nineteen this year. These members were then divided into small groups and assigned a section of the book to work on. At deadline time completed pages were turned in and sent to the printer so that the books could be delivered on time.

season record

Debate, like the other sports at Jackson High School arouses the interest of Jackson High students. Debate, however, is a different type of sport as it envolves skill in oral discussions and argumentations. The debator's field of play is in the classroom, Their equipment . . . a pressed suit, a debate box, and a podium. Their tactics are directed by the ability to present and argue a point.

Maurice Fall, the coach of our Jackson debate team, has lead his squad through an amazing 38 wins and 1 loss season. The team talked its way into the state finals for a fine end to a successful season. This year's Varsity Squad consists of Diana Donelly, Don Croysdale, Bob Byrum, and Steve Wright, all of whom were pushed hand in hand by the Junior Varsity debaters consisting of Chuck Johnson, Fred McEldowney, Lee Bassett, and Dave Kaser.

The question for all high school debaters in the nation during the year of 1961-1962 was, "Resolve that the federal government should equalize educational opportunities by means of grants to the state for public, elementary and secondary education.

Symphonic Band received top rating in both

Each summer the J.H.S. Band spends a week at the National Music Camp at Interlochen, Michigan. There the new members of the band works out a routine and presents it at our first football game. Much time is also spent in practicing concert music.

However, it is not until the end of the football season that our band actually begins playing concert music. This is quite a change from the quick tempo of the marches. It requires both group and individual practice. The band presents this music at the district and state festivals, and at their spring concerts. The selections performed this year were Brighton Beach, Manx Overture, and Nabucco.

All the members of the Varsity **Band** and the **Orchestra** look forward each summer to their week at Interlochen Music Camp. Here both groups get a good start for the coming school year. Band members spend many hours on the marching field and practicing in one of the large buildings provided. Orchestra members spend their time in rehearsal with an all string orchestra.

Along with the work there is always time set aside for recreation. Some activity is planned every evening. One afternoon is spent at the Sleeping Bear Sand Dune and is followed by a picnic at Lake Michigan.

At the end of the seven days all the suitcases, instruments and squirt guns are packed on the buses and everyone returns with memories of another wonderful week spent at Interlochen.

The Jackson High **Orchestra** is directed by Mr. Stanley Shoemaker. This year the orchestra was fortunate to have many talented sophomores. The orchestra and all of its new members began their season by spending a week at Interlochen Music Camp with the band. Here they spent five hours a day in rehearsal with an all string orchestra composed of members from eight different schools. At the end of the week the orchestra participated in an all-camp concert.

The orchestra's activities were many during the year. Since the band was busy with the marching season the orchestra members organized and made a float for the Kick-Off Parade to represent the Instrumental Music department. They entered the State Music Festival and received high ratings. They also gave several public appearances.

Chorus lines, vocal groups, instrumentals and pantomimes, choosen by Mr. Fall and members of Student Council, made this year's **Viking Show** the finest one yet. The members of the cast realized how worthwhile the late rehearsals were when on opening night they paid tribute to their inimatable, retiring director, Mr. Fall.

Again this year, Jackson High demonstrated its generosity by contributing 4,500 pounds of good clothing to the Save the Children Federation which it has supported for many years. The Social Service Committee, under the leadership of Jim Hammond, made plans for the collection and delivery of the clothing. The Viking Show completed the week with an uproarious performance.

We loved the Magazine Assembly—1st

For the past 22 years Jackson High has sponsored a magazine sales campaign in order to finance various school projects such as buying uniforms for band and orchestra, sponsoring exchange students through the American Field Service, and contributing to charity. These campaigns have earned over $64,000.

With the coming of the Magazine Campaign it has become customary for the faculty to kick-off the campaign with a variety show. The shows have always been very entertaining for the students. This year the theme was "Sing along with Joe." Joe is the representative of the Educational Reader Service Inc. Students laughed with delight to see Mr. Grayson Newark walk on stage dressed as a girl! Mr. Lee Forest and his singing group produced a sensation when they sang one of the current pop tunes. The show was climaxed by the act everyone had been waiting for, Mr. Stanley Shoemaker, singing "The Sheik of Araby" and "Barefoot Days." Everyone enjoyed the show, and the announcement that periods 1 and 2 were cancelled because the show had run too long.

Mrs. Stoddard and Mrs. Morehouse waltzed to "The Tennessee Waltz."

The Earl, Mr. Forrest, and his Dukes sang "Duke of Earl."

Mr. Newark sang "I Enjoy Being a Girl."

Mr. Cripps had a hard time finding someone to sing "I Enjoy Being a Girl."

"Moon River" was the theme for the 11B party of the class of 1963. One representative from each homeroom was elected to be on the planning committee. This large committee was later split into five smaller groups: decorations, tickets, publicity, refreshments, and music.

The decorations were done and very effective. Gas balloons, that hovered above the dancers had glittered stars suspended from their strings while murals of river scenes adorned the walls. Cake and punch were served during the evening. Hal Smith, disc jockey from WIBM, played the records for the dance.

Jackson High Students Present

"Seventeen," a musical comedy, based on the Booth Tarkington story, was without a doubt one of Jackson High's finest productions.

Costumes and scenery for the play of the early 1900's were rented to us by the New York production of the show. The story is about a young girl who visits a friend and baby-talks her way into the lives of eight couples and the heart of one admirer.

The choreography for the comedy was prepared by Jackie Bixler, a Jackson dance instructor, with the help of the faculty on other aspects of the play.

Stars of the Booth Tarkington story were Scott Campbell, Jim Smith, Dixie Peapple, Andrea Hautala, and Carol Gillespie.

Andrea puts Jim on the spot by accepting the box of chocolates that was intended for Dixie.

Following is a brief description of each of the clubs available to the interested student."

Through membership in **Bluebelles,** girls at Jackson High are given the chance to work in Jackson hospitals. These future nurses admitted patients, helped the staff, and gave care to the patients, making many people's stay at the hospitals more enjoyable.

Because Jackson is one of the first in the state to offer such a program, the Bluebelles needed, and had, a good advisor, Mr. Oren.

The objective of the **Future Teachers Club** is to help interested students decide if teaching is the right vocation for them.

One of the many activities of the club was the winter trip to Kalamazoo for the Regional Future Teachers' Association meeting. During January the club had a potluck with the Future Nurses Club and a joint meeting with the Jackson Junior College F.T.A. The guests at this meeting were J.J.C.'s exchange students.

The first semester officers were: president, Maurice Johnson; vice-president, Delores Brashares; historian, Carol Dressel. The sponsor of the club is Miss Phelps.

The Future Teachers Club members are, front row: Cindy Allen, Mary Ellen VanCamp, Ginny Thomas, Mrs. Phelps, Debbie Hopson, Bonnie Ackerson and Selena McGregor. Second row: Carol Campbell, Jill Johnson, Maurice Johnson, Delores Brashares, Marcia Mericle and Carol Dressel. The **Girls' Athletic Association** is open to anyone interested in participating in at least one of the offered sports. There is a wide selection of these, such as bowling and tennis in the fall; basketball, badminton and dance in the winter; and archery, softball, volley-ball, table tennis, and track in the spring. The club's ideals of good health, interest in extra-curricular activities and sportsmanlike attitudes were encouraged by awards for participation and the sponsors, Mrs. Zdanowitz and Mrs. Travis.

for excess energy through various sports

The Synchronized Swimming Club spent the first half of the school year preparing and practicing for their annual water show, "Flower Cart." During the second semester the pace quickly stepped up as the acts were polished and the costumes were designed. The show was presented on May 3 and 4. The club membership was not limited to girls, and the combined effort of the boys and girls made this years show one of the best. The club was advised by Mrs. Travis.

and others for technical reasons.

Pica Pi was one of the most unsung clubs at Jackson High School. Although the club's membership was small, it provided almost all of the school's printed forms such as season tickets, the school newspaper, absence slips, passes and school letterheads.

Much of the credit for the success of Pica Pi is due to the hard work of the club's president, Dave Czarnecki, and its advisor, Mr. Edward Prahl.

The **Latin Club** was the largest club in school this year, because of the addition of a fifth-hour club, and the leadership of the two advisors, Miss Chambers and Mrs. Stoddard. One of the many club activities was the Saturnalia, a Roman party that took place in December. The members who attended the games and banquet that were held at this party brought small gifts for the boys at St. Joseph's Home.

A good time was had by everyone who attended or took part in the club's Olympics. These were held in the spring and are a small-scale copy of the ancient Olympics. Other activities of the Latin Club were leaf-raking at a member's cottage, the annual banquet in February and the initiation of new members.

Roman personalities at the Latin Club banquet paused in their eating for a picture: Woody Crutchfield, High Priest, Mike Young, Emperator, Jack Fowler, Naja Laursen and Alex Taylor.

The members of the Third and Fifth Hour Latin Clubs are, front row, Miss Chambers, advisor, Sharon Strait, Linda Porter, Alex Taylor, Sue Stewart, and Nancy Thomas. Die Deutsche Verein, the **German Club,** had a new advisor this year, Mrs. Beier. The year began with several business meetings. Later the club had a beer (root) and pretzel party, and attended a masquerade party given by the German American Association. The first and second semester presidents were Carl Stolberg and Martha Kronauge, respectively.

The purpose of the **Future Nurses Club** is to help girls select the college which would offer them the best program in nursing. This is done by visiting hospitals, reading material on nursing schools, and taking trips to nursing schools and hospitals.

The officers of FNA were Marjorie Kline, president; Mary Carol Schoen, vice-president; Cheryl Colestock, secretary; Anne Waits, treasurer. Miss Ruth Coolidge was club advisor.

Miss Coolidge advises Ann Waits on preparation needed for a nursing career.

"Back at the WJHS control room we are ready with the latest 'Viking' Sports Report. Here with scores and details on all of the 1961-62 Jackson High athletic teams is WJHS sports reporter 'Mike' Nash."

"Thanks, Jim. Competitive high school athletic events contribute greatly to the growth and recreation of a student body. As a spectator, a student finds it hard to beat the excitement derived from watching the 'home team win a close one.' More important is the effect the competition has on the athletes themselves. Learning to be a good winner, a good loser and generally a good sport is an asset to anyone."

An injury-riddled, sophomore-studded Varsity Football team finished last in the 6-A Conference and failed to win a game for the first time in the history of the school. However, the season was not a total loss as many players received recognition for fine individual performances.

Each week awards were given for the Viking of the Week and Most Improved Player. These are as follows: in the Chicago game it was Chuck Rockwell and Roosevelt Mallett; for the Battle Creek game Jim Perry and Larry Seeger received the awards; Benton Harbor saw Jim Fowler and John Tuttle award winners; Owosso brought Bill Johnson and Tom Brown awards; Eastern saw Max Curtis and Bill Harrison winners; Mike Keldea and Harry Guyer won awards for the Sexton game; and Ann Arbor saw Russ Sarrine and Case Gittens award winners.

The most valuable player for the entire season was Jim Fowler, the most improved player was John Hawley, and Al Fowler was named the most humorous.

The Junior Vikings fought hard, but ended their 1961 season with one victory and one tie.

It was a rough season as both Varsity and Reserves finished last in the 6-A. With all the injuries on the Varsity football team, many sophomores were promoted from the Junior Viking team to the varsity, to aid Coach Ray VanMeer. These chosen sophomores gained valuable experience towards next year's team were cited by Coach Herb Eibler. These were John Raut, Bob Robbins, Jon Jenson, Dave Kiesel, Ester Baxter, Roger Griffith, Brent Clever, John Jeffery, Harold Wendelken, Mike Thomas, and Mike LeButt.

All in all Jackson had a rough season on the football field.

Jackson captured the 6-A crown and proceeded

Both teams await the rebound.

Claiming the 6-A championship title was not enough for the **1962 Varsity Basketball** team as they went on to claim the district championship title. The Vikings however were forced to stop here as they met a strong, hot shooting, Benton Harbor team.

Vikings Greg Bennet, Paul Reid, Bob Burton, Sam Williams, and Larry Kirk led the team forward as the starting line up.

The greatest game of the year was when the Vikings met the Bearcats of Battle Creek, here in the Jackson gym. Crowds were turned away as the Vikings roared to victory to clinch the 6-A championship.

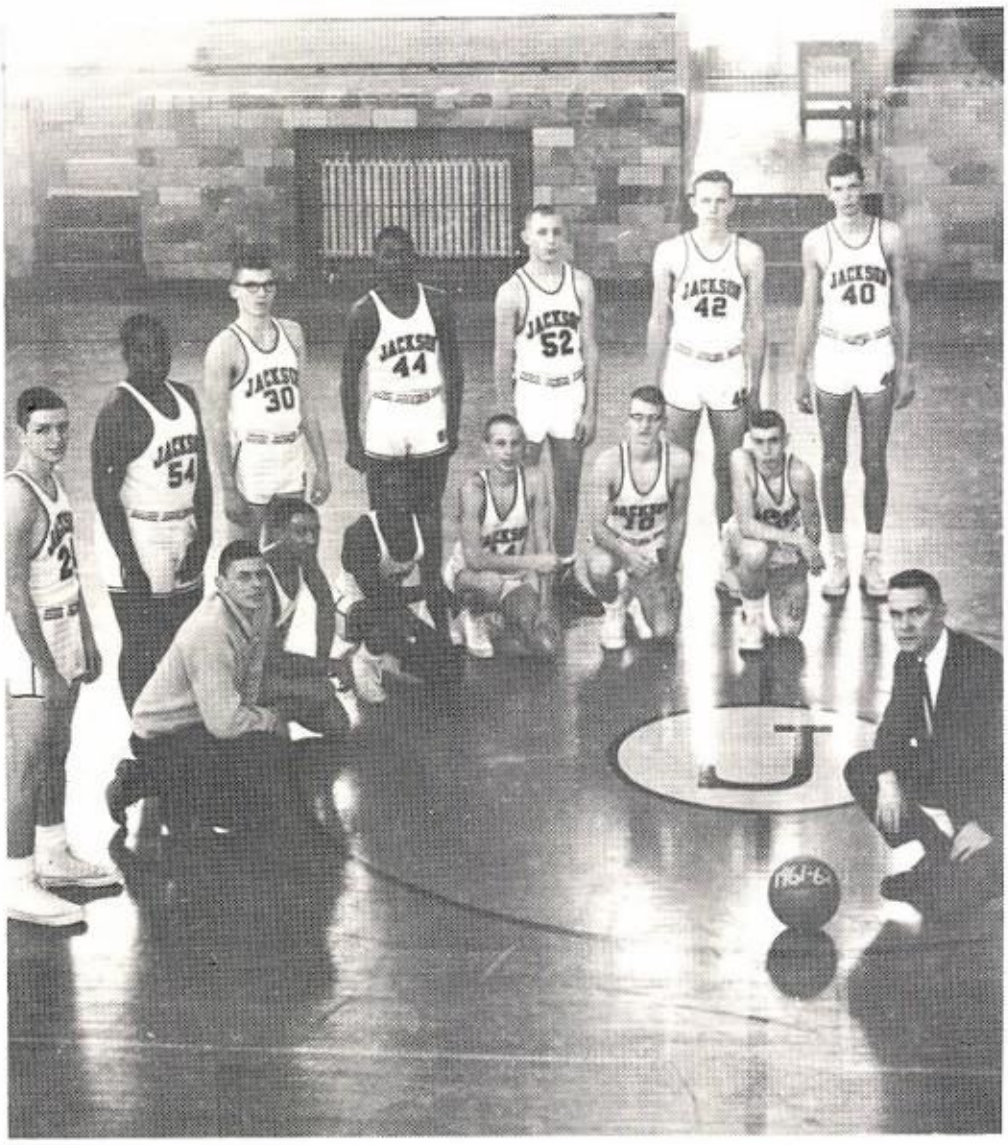
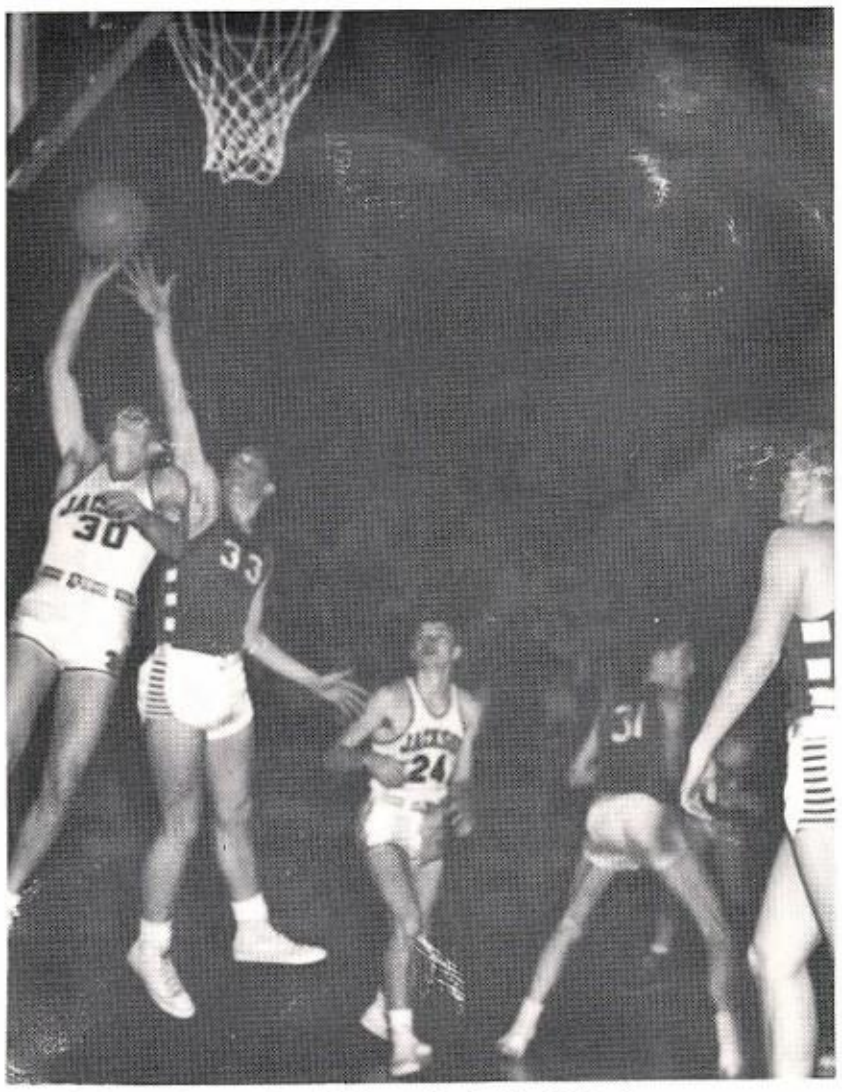
This year's basketball reserves make next year's hope rise high



The Reserve basketball team was, top row, Brent Clever, Bill Watkins, Bob Robins, Bob Moore, John Demming, Jim Davis, Dick Tallis. Front row, Phil Garver, Bill Harrison, Joe Harrell, Rick Lentz, Ed Waits, Dave Palmer, and Coach Bob Wright.



Bob Robins shoots but Melvindale's block looks mighty good.

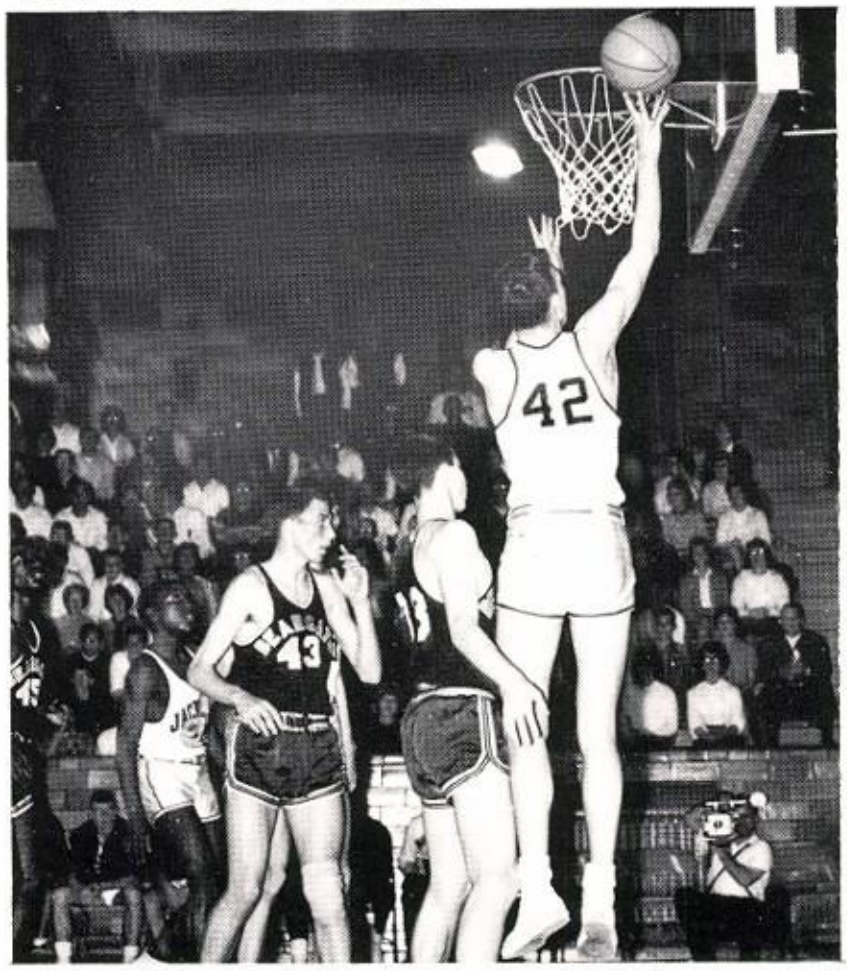
Jim Davis leaps in the air to sink 2 points for the Junior Vikings.



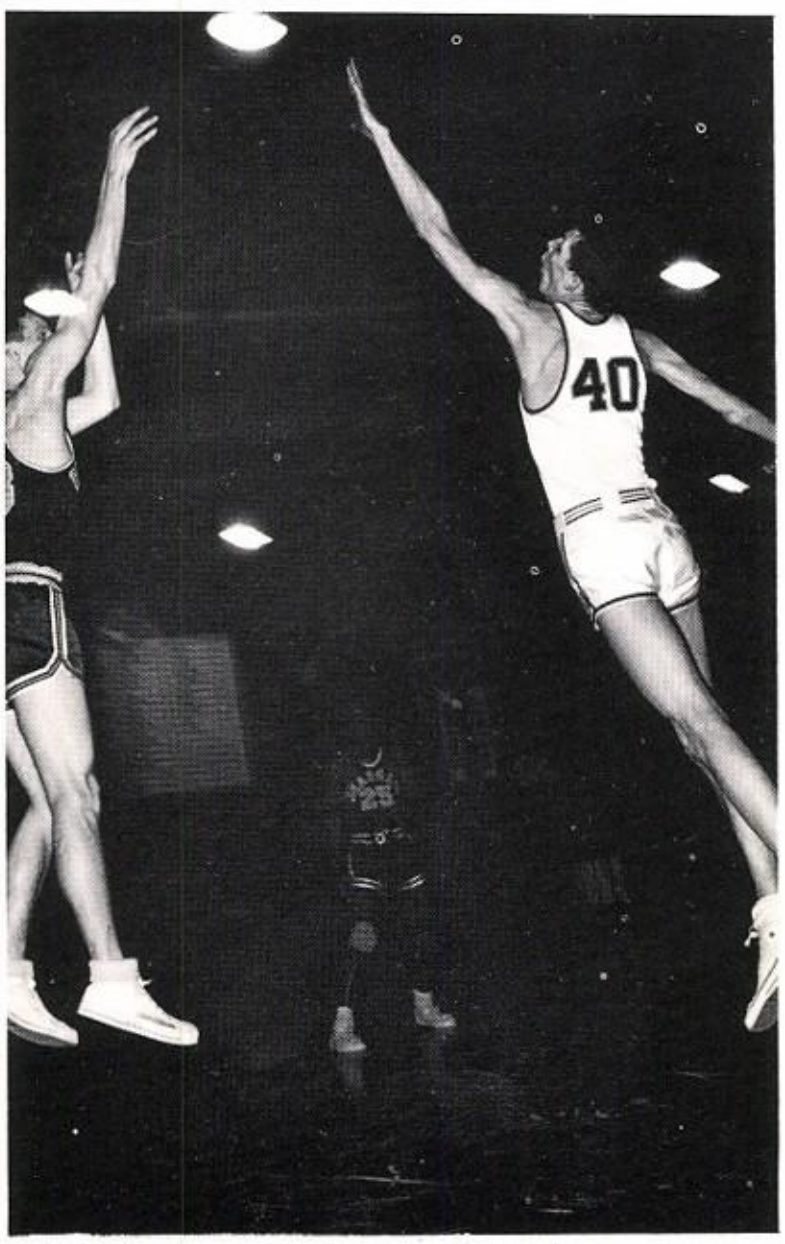
The victories of the **1962 Reserve Basketball** team were of team effort and scoring was always evenly distributed. Hard work and determination were typical of this team as the final outcome was 14 victories and 1 defeat.

The play leader for the Junior Vikings was Guard Eddie Waits. The hopes for another great Varsity team look good as Dick Tallis, and Jim Davis are just two of the boys who will go on to the varsity team. Sophomores who are also likely prospects are Dave Palmer, Rick Lentz, Bill Moore, John Deming, and Bill Walkins.

The **Sophomore Basketball** team's record also gives Jackson High the idea our 6-A champions can go on as the sophomores finished with 5 victories and 2 defeats.

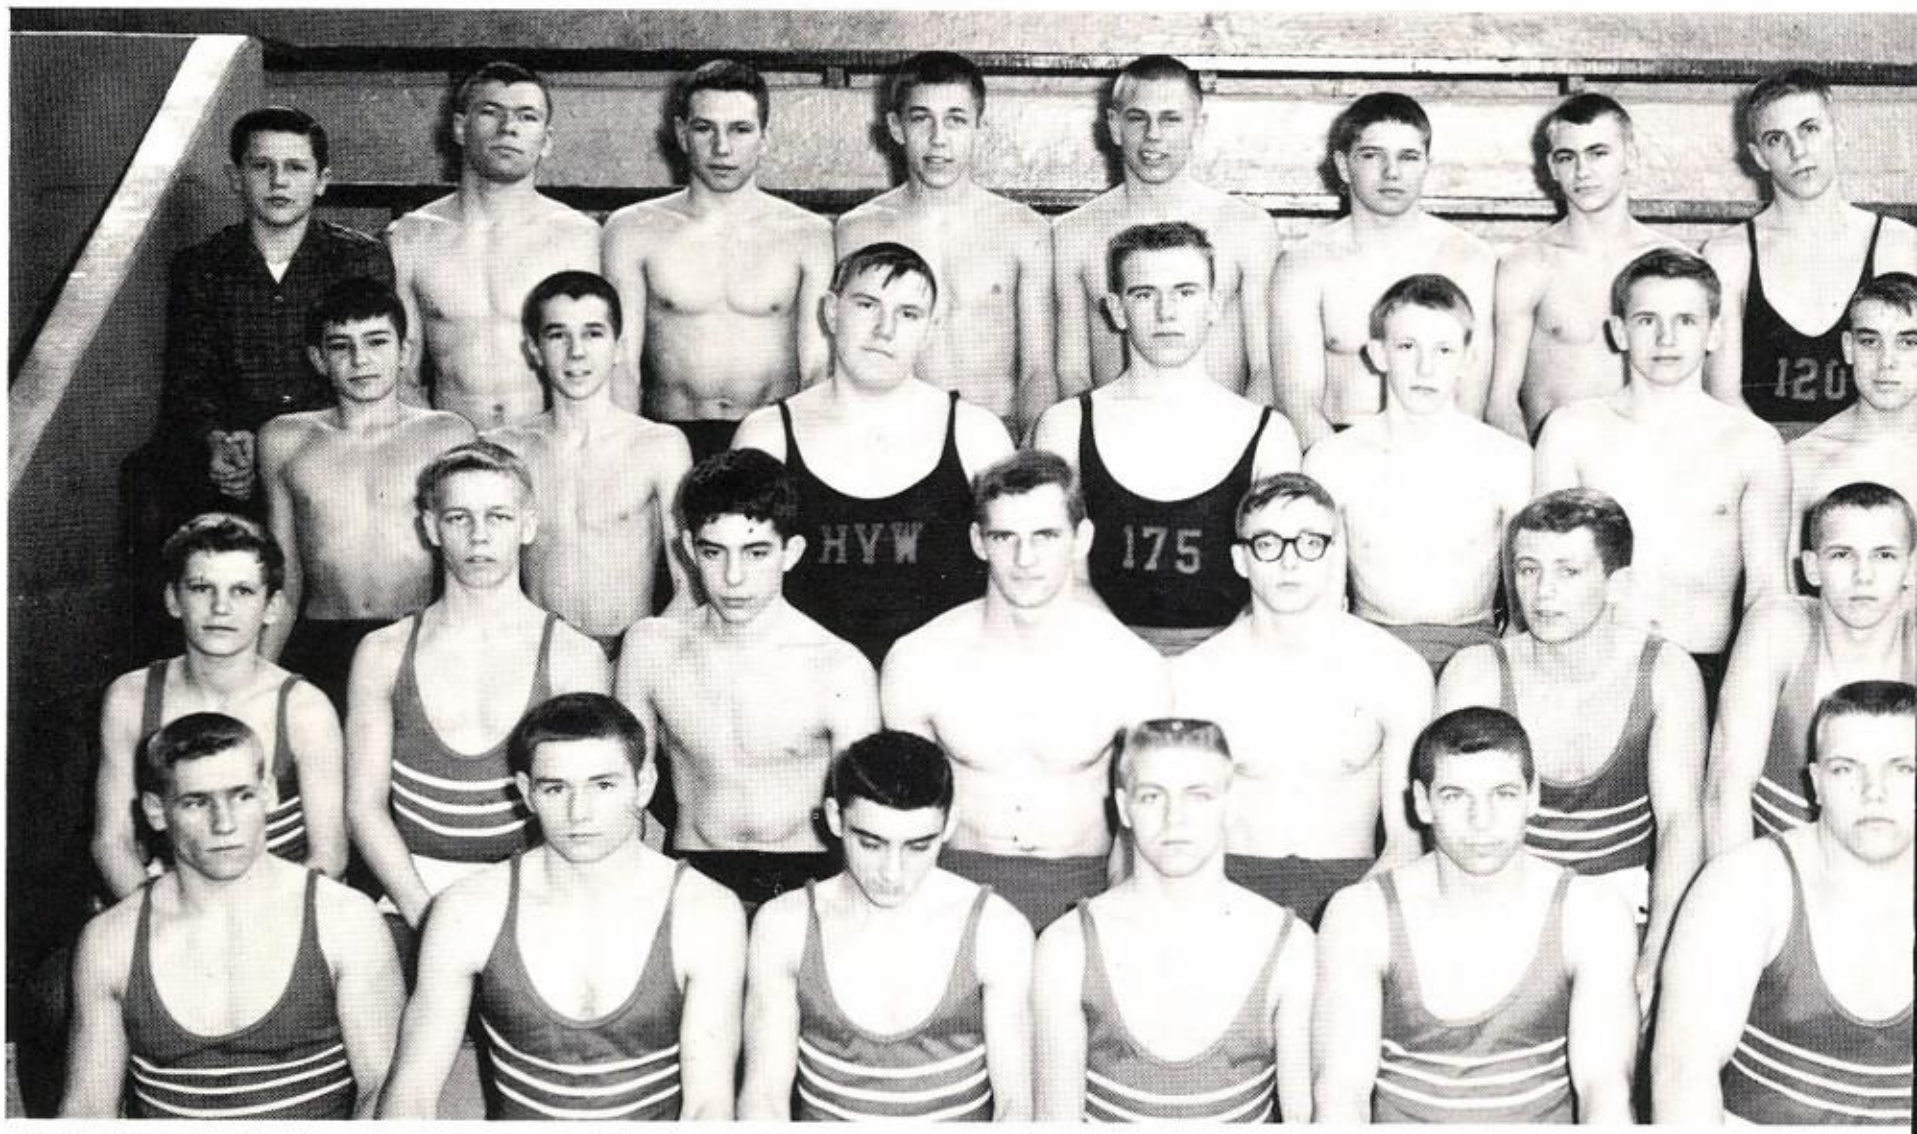
Through the experience on this team many sophomores will go on to higher level teams. All in all, 1962 was a most successful basketball season for Jackson High School.

Jackson shoots and the players await the outcome.



Dick Tallis leaps into the air with the hopes of blocking a pass.

The Sophomore basketball team was, back row, Bruce Peterson, Dick Booker, Gary Putman, Pete Brown, Jim Penn, Ken Pychiak, Tom Crampton. Front row. Mark Stolorow, Bob Anderson, Henry Hamilton, Jeff Anderson, Mark Rosenfeld, John Ratcliff, and coach Herb Eibler.



The 1962 Wrestling team was front row: Bob Avery, Ed Adams, Dave Bibbins, Doug Melendy, Al Potts, Don Shelton, Jim Fowler. Second row: Stan Buckland, Leonard Boobyer, Pete Coddington, Jim Boobyer, John Nash, Mike Parrish, Jim Lutz, Herman Jackson, Mike O'rourke. Row three: Steve Manee, Jim Norton, Dennis Hail, Harold Wendelken, George Bradley, George Barrie, Gary Klump, Don Borton, George Genyk, Asst. Coach. Row four: Gary Engelgay, Estel Baxter, John Raut, Dave Kiesel, Jon Jenson, Tom Brown, Paul Seudemeyer, John Sinaigo, Al Fowler, George Bender, Headcoach.

Al Potts pinned his opponent to claim the state 145 pound title.

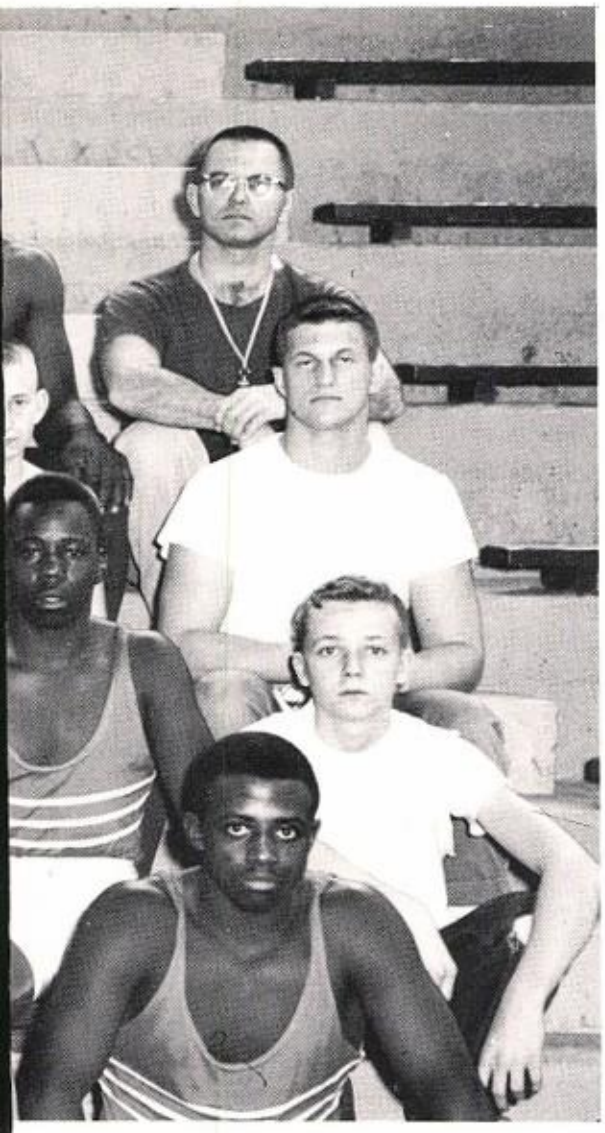
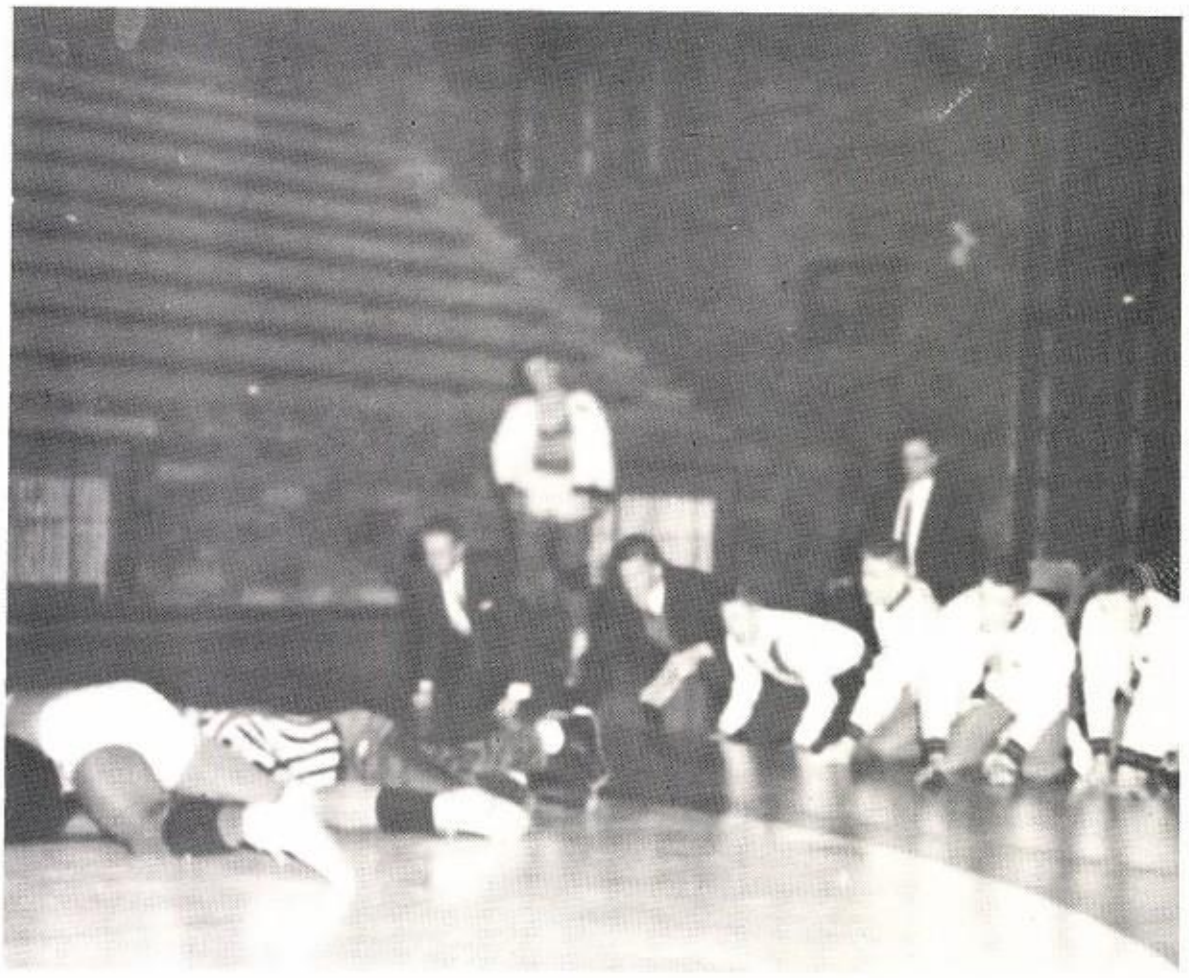
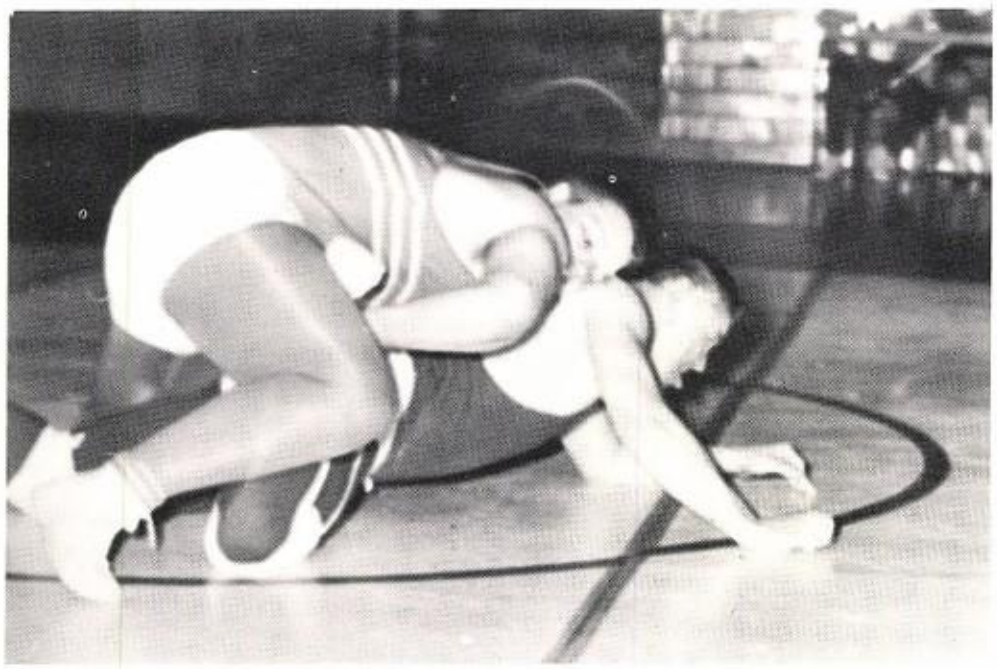
Viking Al Potts was one of the best wrestlers the Matmen had as he claimed the state 145 pound title.





The Matmen serve as cheerleaders for one another.



Heavyweight Don Shelton works for a point in hopes of defeating Bay City.

Coached by George Bender the 1962 Wrestling team fought hard but finished last in the 6-A.

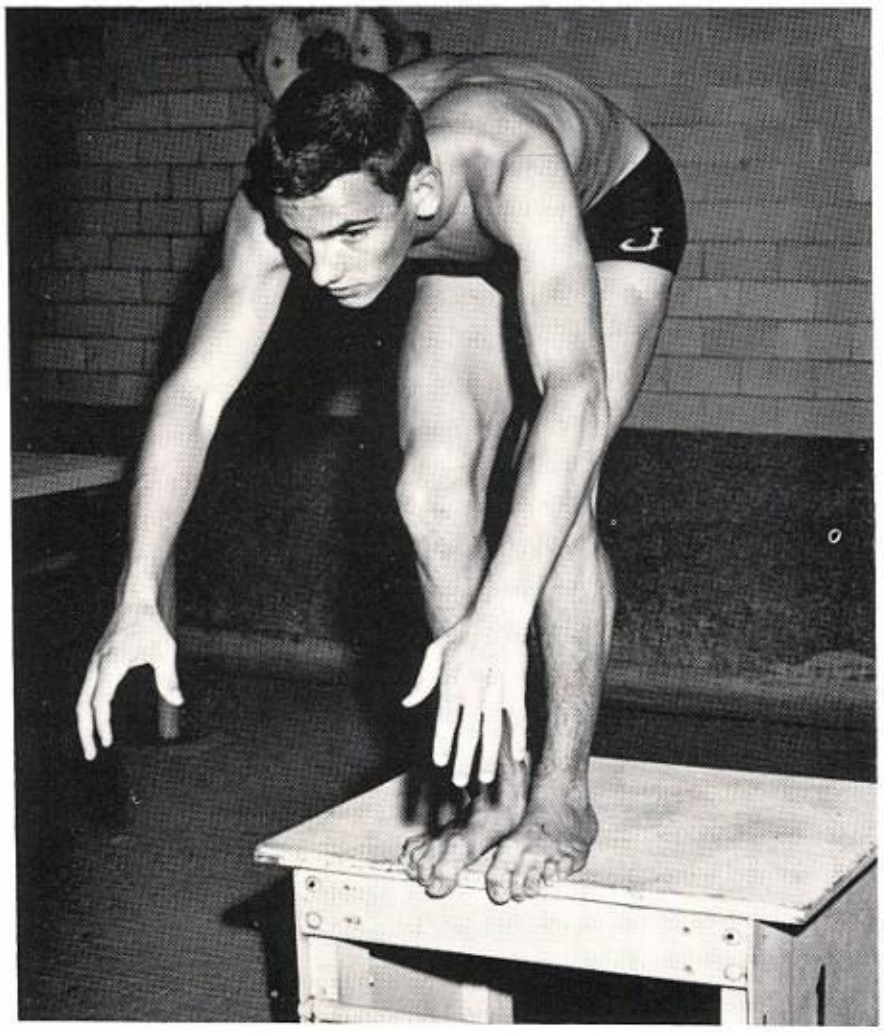
In spite of their lowly rating the matmen claimed some titles. Heavyweight, Don Shelton claimed the regional tournament heavyweight championship, Al Potts claimed titles in the regional and State Meets at 145 lbs., and Dave Bibbins was the runner-up at 112 lbs. in the state meet.

Coach Bender cited Don Shelton, Al Potts, Dave Bibbins, Jim Fowler, and Herman Jackson as outstanding members of this years team.

All in all, the hopes for next year's team look good as there were 18 sophomores on the team this year.

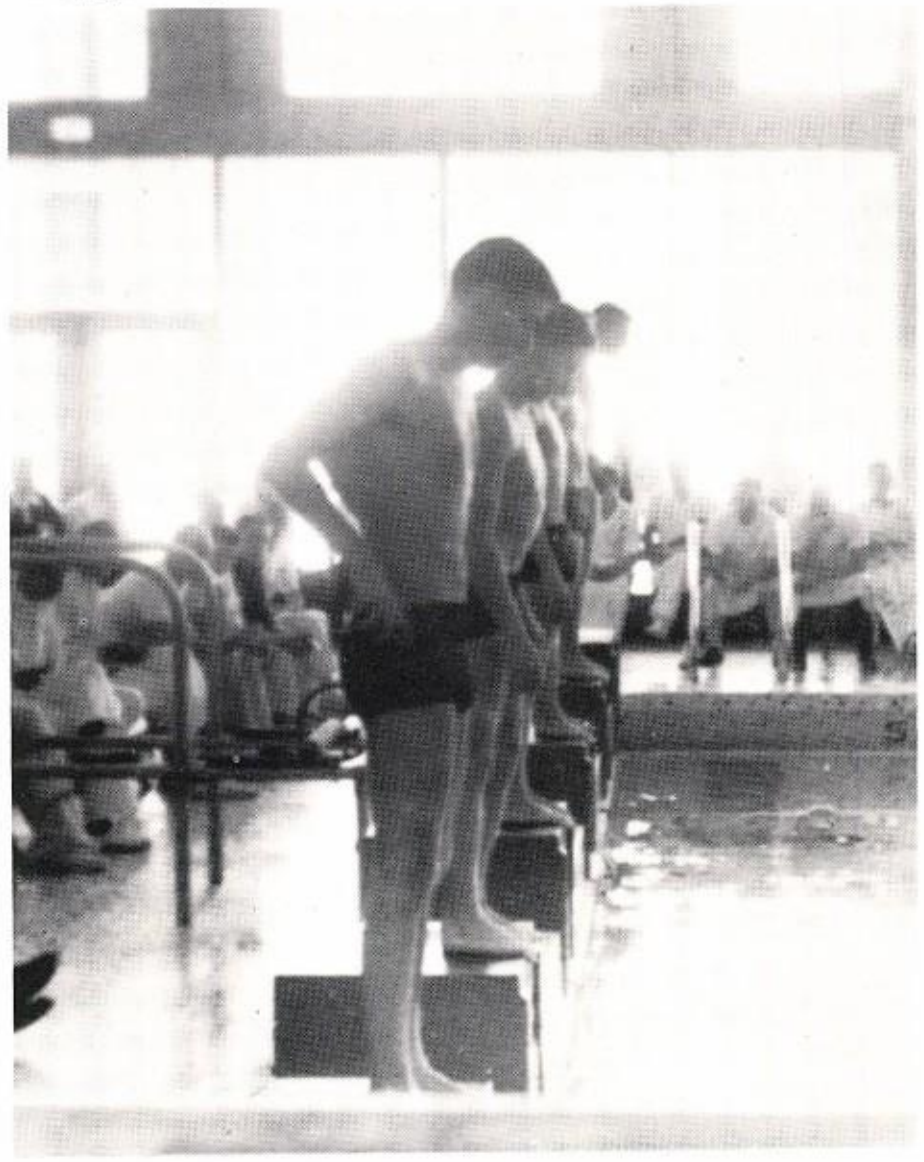
A splash was heard, as the swimmers dunked everyone but AA

All-American Ken Dillon awaits the gun for his take off.



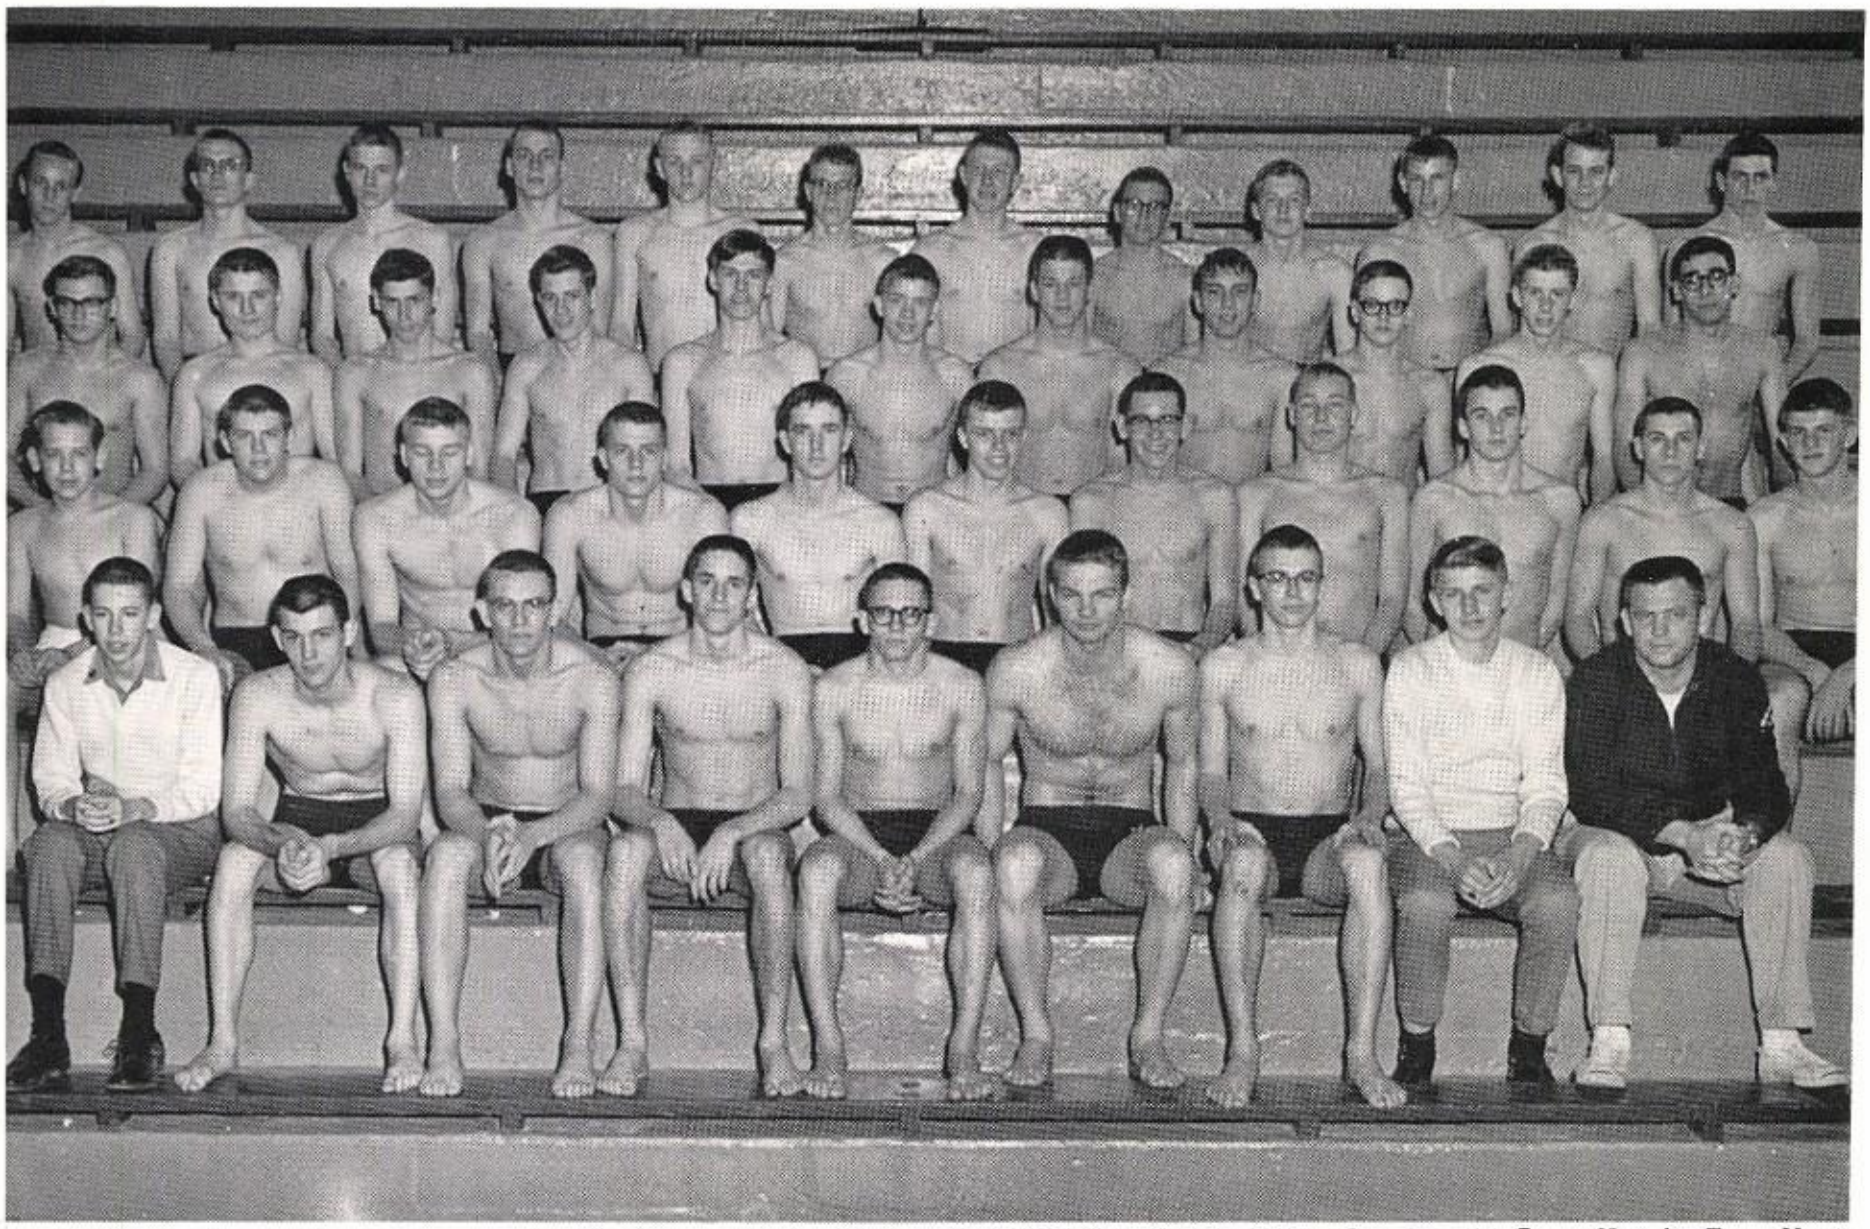
The backstrokes fight hard to get ahead of the opposing team.

Swimmers stand on the starting blocks before they get ready for the take off.



All-American butterflyer Ken Dillon broke many records aiding this years **Swimming Team** to 2nd in the 6-A. However a team does not depend on one man, and Jackson had the others. Bob Bond had a new time of 55.1 for a new varsity record in the individual medley. Bob Forbes also set a new varsity freestyle record of 4:26.5.

Captain Lynn Vermeulen, freestyler, Back-stroker Woody Crutchfield, Freestyler Bob Botsford, and Dave Haehnle, Diver Dick Parrish, and Tony Hurst, brest-stroker, were cited by Mr. Cooley as outstanding members of this years team.



The 1962 Swimming team was front row: Charles Albright, Bob Bond, Bob Forbes, Lynn Vermeulen, Ken Dillon, Larry Seager, Sarge Bardow, William Curl, Willard Cooley, coach. Second row: Jim Ewers, Phil Curtis, Talor Harmond, Bruce Smith, Pat Gilmore, Tom Peck, Mike Forbes, Woody Crutchfield, Bob Bostford, Larry Finton, Dave Wasilew. Row three: Dick Parrish, Ken St. John, Herb Reynolds, Ron McMalh, Max Brail, Tom Grezikowshi, Dave Haenle, Tony Hurst, Dick Horsch, Joe Adams, Carter Kerbawy. "Now ladies and gentlemen, a few words from the people who help make this production possible. I am referring to our advertisers, and here with the story on our sponsors are Rosemary Steppon, Nancy Hartke and Advertising Manager, Judy Ellingwood. A word from you, Judy."

"Thank you very much, Jim. Advertising truly plays a most important part in a production such as the 'Reflector' news report. Without the support of firms such as our advertisers we would find it difficult to present such comprehensive news coverage. We feel that the following establishments have something to offer you, the viewer of this WJHS newscast and we ask that you patronize these advertisers if you ever find yourself in need of any of their products."

The 1962 Reflector Annual staff is indebted to many people for their support and help in the production of this yearbook. We express our sincere thanks to Jackson's television station, WILX-TV. Without the help of their personnel and the use of their facilities, our theme would have been difficult to carry out effectively. Our publisher this year, Modern Yearbook Company, of Mount Clemens, Michigan, has been of invaluable assistance. Their suggestions and advice on technical procedures has helped the Reflector staff do a better job without sacrifice of time or materials. Our typesetter, Jackson Typesetting Company, must also be recognized for their prompt service to our needs.

An important element in the financial success of the Jackson High Reflector Annual is its advertisers. We are grateful to each firm which has purchased advertising space in this year's book, and we would urge you, the reader, to express your thanks by patronizing these firms when you find a need for one of their services or products. Finally you, the owner of this book, should be commended for the support you gave by your purchase.

Barb Bissell, Yearbook Business Manager, seems a little too happy. Are you sure those books balance, Barb?

Andrea Hautala looks in awe as Yearbook Advisor, Mr. Edward Prahl, tells her how that picture should have been taken.

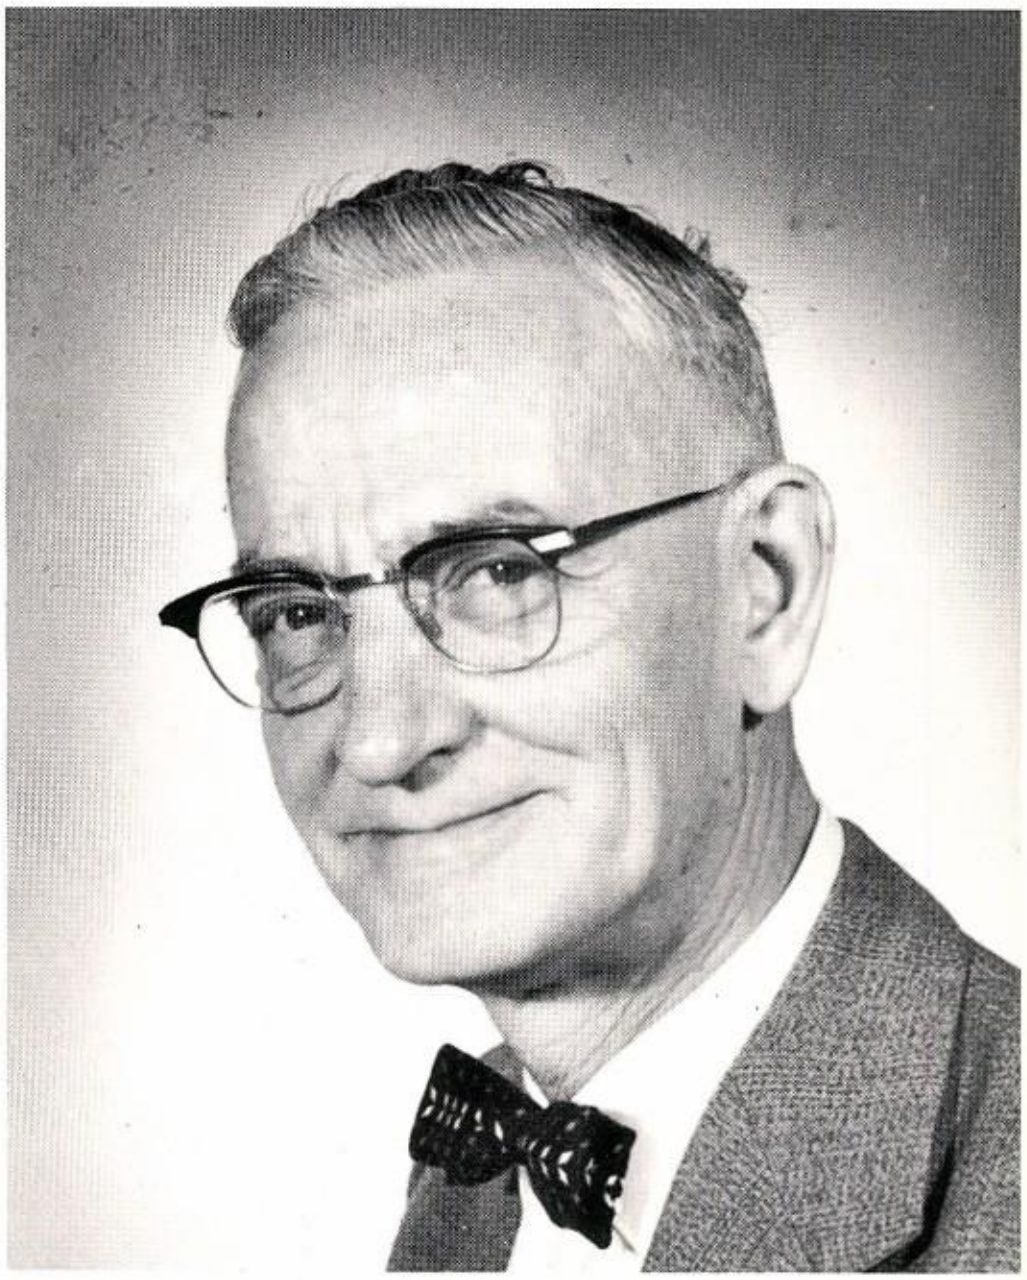
In Memoriam

Mr. Royal F. Dressel

1903 - 1962

Mr. Royal Dressel was a dedicated man. He lived for, and devoted his life to, the betterment of Jackson High School students. Always willing to give his full attention to students personal problems, this man was more than an excellent assistant principal. Through the thirty-seven years that Mr. Dressel has been serving Jackson High, untold numbers of students have benefited from his advice and counseling. Few people in Jackson had as many friends and admirers, and certainly Jackson as a city as well as a high school suffered a great loss when Mr. Dressel passed away on the night of Sunday, February 18, 1962



Marcia Lynn Gandy

1944 - 1962

Marcia Gandy was not only a well liked individual, but was also an outstanding scholar at Jackson High School. She was especially fond of reading and writing poetry and English was, naturally, one of her best subjects. She was also extremely capable in mathematics. Her competence was demonstrated by her standing in her graduating class as well as the fact that she was a National Merit Semi-Finalist. Her many friends and classmates were stunned and grieved by her accidental death at home the evening of Friday, March 16, 1962.

MODERN Yearbook

Mike, I'm really sorry I didn't get to see you more this year at High. I hope we will have lots more time. I won't forget July 7th but I sure can't miss Barletts. Well, best of luck Mike, and I hope for you everything always out for the best. Good luck! (Always)

A close friend,

Mike,
I think you are a
real sharp guy who I have
had an eye on for two years. But
this year you have given my heart
relief because I wasn't in any of
your class. I hope that next year
we can become better friends.

Mike,

You're a real swell guy with whom I've had a lot of fun. Even though I've gone with you for a year I still feel that I don't know you. We have been good and bad times but I'll only remember the good ones. When we break up and "if" we do, I hope we can always be good friends. I must admit you do get around, but I'm glad. With your good looks, personality, brains (God forgive me for what I'm saying) how could you help but be well-liked Be good and remember me Always.

Love,
Sandie
